Two-thirds having voted in the affirmative,

It was agreed to,

And the resolution passed.

Mr. U. C. Smith raised the question of order, that the resolution requiring the signature of the Mayor was the same as an ordinance, and appropriating money requires a majority of all the members elected to pass it. The President decided the point not well taken, whereupon Mr. U. C. Smith presented the following:

We appeal from the decision of the Chair, that 39 votes in the affirmative is sufficient to pass the resolution before the Chamber, because the resolution appropriates money, and requiring the signature of the Mayor requires a majority of all the members elected to the Chamber to pass such a resolution, which is in the nature of an ordinance appropriating money.

USELMA C. SMITH, F. A. HARTRANFT.

The question being, Shall the decision of the Chair stand as the judgment of Council?

Mr. T. M. Thompson (of Common Council), Chairman of the Joint Special Committee on Resolutions upon the retirement of Mr. John Bardsley, presented the following report, with resolution annexed entitled "Resolution relative to the retirement of Mr. John Bardsley.

### Philadelphia, January 3, 1889.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

Gentlemen:—The Joint Special Committee to which was referred the resolution entitled "Resolution to appoint a Joint Special Committee on resolutions upon retirement of Mr.

John Bardsley," respectfully report that it has considered the same, and ask for the passage of the annexed resolution.

Thos. M. Thompson (Ch'n), Thos. M. Hammett, Chas. F. Iseminger, Peter Monroe. Thos. Green, William II. James.

#### RESOLUTION

Relative to the retirement of Mr. John Bardsley.

Resolved, by the Select and Common Councils of the City of Philadelphia, meeting in Joint Convention, that we being profoundly conscious that the community for which we legislate has suffered a severe loss by the resignation of Mr. John Bardsley as a member of Common Council from the Twenty-eighth Ward, that he may assume the responsible duties of City Treasurer, desire to place on record our estimate of Mr. Bardsley as a wise, conscientious, courageous, and incorruptible Councilman.

For nearly a quarter of a century he has served, not only his immediate constituents, but also the entire City of Philadelphia, with such a rare knowledge of municipal wants and resources, that in every hour of perplexity as to expense and income, his was the knowledge and experience that were largely depended upon for such action as would best suit the emergency.

As there opens the retrospect of such an official life as that of Mr. John Bardsley, involving so many years of sacrifice for the public interests, and in which he has pre-eminently displayed a thorough knowledge of every financial question affecting the weal of Philadelphia, and performed his taxing and laborious duties, especially as Chairman of the Finance Committee, in such a satisfactory manner that these Councils feel that we can appropriately say of him that he has been a wise and conscientious counsellor, and a faithful servant of the people.

Deeply regretting the retirement of Mr. Bardsley from a field of official labor, made illustrious by his faithfulness, honesty, and intelligence, yet he will carry with him the respect and confidence of the Select and Common Councils of the City of Philadelphia, and the hope that he may reach the full years allotted to man, and that all his days will be crowned with success and happiness.

Resolved, That these resolutions be suitably engrossed and framed, and presented to Mr. Bardslev.

The first resolution was twice read, and agreed to.

The second resolution was twice read, and agreed to.

The title was agreed to.

The purposes for which the Convention had assembled being accomplished, Select Council retired.

Mr. T. M. Thompson moved that Council do now adjourn.

Which was agreed to.

And Council adjourned.

# Thursday, January 17, 1889.

Mr. James presented the following:

Philadelphia, January 17, 1889.

To the President and Members of Common Council of the City of Philadelphia.

Gentlemen:—In February, 1888, I was elected a member of Common Council from the Twenty-eighth Ward for a term of two years.

In November last the Court of Quarter Sessions decreed a division of the ward, creating the Thirty-second Ward out of the Twenty-eighth. Previous to the Act of Assembly of May

, 1874, authorizing the Court of Quarter Sessions to decree a division of wards, new wards in the City of Philadelphia were created by special Acts of Assembly, in each case provision being made for the continuance in office of Councilmen and ward officers.

But in the law under which the court acted in this case no provision whatever is made to enable Councilmen residing in the new ward to continue in office for the unexpired portion of their term.

The Court of Common Pleas, No. 3, in the matter of the election of School Directors of the Nineteenth Ward (11 Phila. Reports, 300), decided that the office of School Director in the old ward, held by one who lived in the new ward, became vacant by the act of law, the same as if the Director had voluntarily removed into another ward. The City Solicitor has lately given his opinion to the same effect.

In view of the uncertainty of the law on this subject, and in order that no question may be raised as to office of Councilmen to be elected from the new Thirty-second Ward, I hereby resign my office as Councilman from the Twenty-eighth Ward, to take effect the last day of March, next.

Yours, respectfully,

W. H. JAMES.

Mr. T. M. Thompson moved that Council do now adjourn.

Which was agreed to.

And Council adjourned.

## Thursday, January 24, 1889.

MAYOR'S OFFICE.

Philadelphia, October 4, 1888.

To the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit a communication from Charles Lawrence, relative to the ordering

to this Port, by the Honorable Secretary of the Navy, of the United States Sloop of War Jamestown, for use as a school ship, and to request the prompt consideration of this matter by your Honorable Bodies.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

#### OFFICE OF HARBOR MASTER.

Philadelphia, October 4, 1888.

Hon. Edwin H. Fitler,

Mayor of the City of Philadelphia.

My Dear Sir:—I have the honor to report to you that in an interview with the Honorable Secretary of the Navy, he informed me that, in compliance with the request of the authorities of the State of Pennsylvania and the City of Philadelphia, he has ordered the U. S. Sloop of War Jamestown to be placed in condition to be ordered to the Port of Philadelphia, together with the necessary officers, etc., as a school ship for the training of boys for the merchant marine. Will you kindly refer the subject to the Select and Common Councils, so that the necessary legislation may be considered previous to the arrival of the ship at this port.

Yours very truly,

CHARLES LAWRENCE.

## APPENDIX No. 3.

MAYOR'S OFFICE.

Philadelphia, October 4, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from Louis Wagner,

Director of the Department of Public Works, relative to the proposed bridge over the Schuylkill river at Walnut street, a preliminary plan for which is herewith submitted.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, October 2, 1888.

Hon. Edwin H. Fitler,
Mayor City of Philadelphia.

DEAR SIR:—In compliance with the ordinance of Councils approved July 2, 1888, entitled "An Ordinance to authorize and direct the Director of Public Works to prepare plans and specifications for a bridge over the Schuylkill river at Walnut street," I have the honor to submit herewith a preliminary plan for a bridge across the river Schuylkill at Walnut street.

The design shows three quadrangular truss spans over the river, 123 feet between centres of piers, the latter placed parallel with the river, two in the water, and two on either shore, giving a clear passage for navigation in the middle at mean high tide 21 feet in height and 100 feet in width, with a similar opening on each side adjoining the wharves of somewhat less dimensions.

The approaches at either end of river spans between Twenty-fourth and Thirty-second streets will be wrought iron girder spans of 29 to 70 feet in length, supported by wrought iron columns, passing over Twenty-fourth street, Schuylkill River East Side Railroad, the Schuylkill Front and West Chester branches of the Pennsylvania Railroad, and the Junction Railroad. At the ends of the ironwork approaches the present surface of Walnut street will be raised by earth embankments to the required grades.

From 60 feet east of Twenty-third street, the ascending grade to the east shore pier will be two feet per hundred, raising the present surface at the east curb of Twenty-third street two and seven-tenths feet, and lowering the present surface of

Twenty-fourth street one and one-half feet, to give a clearance under the structure 12 feet in height. The new grade at this point will be fifteen and eight-tenths feet above the present surface, giving ample headroom over the Schuylkill River East Side Railroad. From the east shore pier the grade ascends sixty-two-hundredths of a foot per hundred to Thirty-first street, giving sufficient headroom for the two railroads crossed, by lowering part of those of the West Chester Railroad about two feet.

From Thirty-first street the grade descends two feet per hundred to the west curb of Thirty-second street, raising the present surface four and three-tenths feet, and giving ample headroom over the Junetion Railroad, but materially interfering with the tracks of the Allison Manufacturing Company; thence to Thirty-third street, with a grade of five-tenths of a foot per hundred, without materially changing the present surface in front of the buildings east of Thirty-third street.

It is proposed to place Walnut street from Twenty-second to Twenty-fourth streets, which is now only 50 feet in width, upon the city plan, 60 feet in width, thereby requiring the owners of property when rebuilding in the future to set back to that width, and beyond which there shall be no projections of steps, etc., the fronts of the present houses, except those near Twenty-fourth street, that will be materially damaged, are generally now back to that width.

On the iron structure the roadway will be 37 feet in width, allowing of four lines of rapid travel, with footways of 9½ feet on each side; a total width of 56 feet. From Thirty-second to Thirty-third streets the street would remain as at present, 80 feet in width.

Because of the numerous railroad tracks on each side of the river, extending west to Thirty-second street, the bridge must not only be one of unusual length, but also one difficult of construction, compelling the use of iron where a stone bridge, because of its permanency, would be more desirable, and increasing the cost generally beyond that of a bridge which would span the river only.

The approximate estimate of the cost is \$900,000. If the finances of the city will not permit so large an appropriation in any one year, the work could be divided into two or even

three parts without any special disadvantage, except the delay in the time required for its construction.

I have the honor to request that you will transmit this plan to Councils for consideration by the proper committee, and the Department would be glad to give such committee any additional detailed information required for an intelligent consideration of the whole question.

Yours, truly,

LOUIS WAGNER,

Director.

# RESOLUTION

To authorize the Committee on Fire and Health to employ a stenographer.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Fire and Health be, and it is, hereby authorized to employ a stenographer to facilitate the labor of said Committee in its investigation as to the best type of fire engine for use in the department of the city, namely, the rotary or the piston.

#### APPENDIX No. 6.

Philadelphia, October 4, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—The Committee on Finance respectfully report, that they have considered a petition of property owners to be reimbursed the cost of a sewer on Ontario street, from Ninth to Tenth streets, in the Twenty-fifth Ward, and for the reasons contained in the report of the Sub-Committee, which is hereto appended, provide for the payment of the same; also, message of Mayor, transmitting communication from the Department of Public Safety, for appropriation of \$3,450 to certain items in Bureau of City Property (see Appendix of Common Council, 189); also, a communication and ordinance from the District Attorney, for an additional appropriation of \$1,000 for miscellaneous expenses, and submit the annexed ordinance to make appropriations for said purposes, and recommend its passage.

John Bardsley (Ch'n), Chas. F. Iseminger, Alex. Reinstine, J. Raymond Claghorn, Geo. B. Edwards, Wencel Hartman, James A. Freeman, Edw. W. Patton, Edwin S. Stuart, Thos. Green, John H. Graham, Thos. J. Rose, Theodore M. Etting, Peter Monroe, George W. Scherr.

To the Chairman and Gentlemen of the Finance Committee.

Your Sub-Committee, to whom was referred for consideration, examination and report, the petition of certain property owners of all the property along the line of Ontario street, from Ninth street to Tenth street, in the Twenty-fifth Ward, of the City of Philadelphia, praying Councils that they be reimbursed the cost of a certain sewer assessed against their respective properties, respectfully report, that, as stated in the said petition, during the year 1872 or 1873, a sewer was constructed on said Ontario street, extending from Ninth street as far westward as Eleventh street, of the dimension of three

feet, into which the city opened inlets to carry off the storm water, and that the said sewer was in good condition and sufficient in capacity for all purposes. That in the year 1885, by ordinance approved July 10 (Ordinances of 1885, p. 192), the Department of Surveys was authorized to confirm the revision of lines and grades on plans No. 154, etc., on which plan No. 154 is included the said Ontario street, between Ninth and Tenth streets, in the Twenty-fifth Ward, Philadelphia, and that this action was very properly taken to avoid a grade crossing at the Richmond Branch of the Philadelphia & Reading Railroad, and which said revision of the lines and grade was on the fifteenth day of March, A. D. 1886, confirmed by the Board of Surveyors. That by ordinance approved July 15, 1887 (Ordinances of 1887, p. 235), the Department of Public Works was authorized and directed to grade, among others, Ontario street, from Ninth to Tenth streets, in the Twenty-fifth Ward, and that the Department be authorized to first lower the sewer in said street. That by virtue of this ordinance, the sewer already in said street was destroyed, and a new one constructed at a cost to the property owners and petitioners fronting there of one thousand one one hundred and eighty-five (1,185) dollars and eighty-seven (87) cents, which they have paid, and the several assessment bills therefor, duly receipted, have by them been produced and exhibited to your Sub-Committee, and they are convinced and satisfied as to their correctness. The several bills are hereinafter enumerated, showing the names of property owners and the respective amounts by them paid, corroborated by exhibit of bills furnished your Sub-Committee by the Chief of the Survey Bureau. Your Committee are of opinion that under the circumstances and facts presented before them, the petitioners should be entitled to relief, and therefore recommend that the prayer of the said petitioners be granted, and that an ordinance be reported by your Committee back to Councils recommending an appropriation of one thousand one hundred and eighty-five (1,185) dollars and eighty-seven (87) cents, for the purpose of reimbursing the petitioners the respective amounts by them paid, as shown in the following table:

Said sewers to be built in accordance with specifications prepared by the Department of Public Works.

SECT. 2. The Director of the Department of Public Works shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest bidders; and it shall be a condition of said contract, that the contractor shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers, in manner and form authorized by ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12, 1866, and supplement thereto approved February 16, 1869; any excess over and above said assessment, in addition to that provided for by ordinance entitled "An Ordinance authorizing the Chief Engineer and Surveyor to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3, 1868, to be charged to item (for branch sewers) of annual appropriation made to the Department of Public Works (Bureau of Surveys), to an amount not exceeding the sum of ten thousand (10,000) dollars: Provided, That the sewer on Lehigh avenue, between Leamy and Fillmore street, shall be assessed on the north side only.

### APPENDIX No. 17.

Philadelphia, October 4, 1888.

To the Select and Common Councils of the City of Philadelphia.

GENTLEMEN: --We, your Committee on Surveys, to whom was referred the accompanying ordinances to build sewers on

Eighth and Twenty-second streets, beg leave to report that these sewers have been duly approved by the Board of Surveyors, and are necessary to the public health, convenience, and cleanliness, and the sewer on Eighth street is urgently demanded to drain a public school. Their aggregate length will be 2,065 feet; the assessment upon the properties on the lines thereof will yield \$3,920, leaving to be paid by the city not exceeding \$1,900. We herewith submit an ordinance for their construction, and recommend its passage.

Thomas L. Hicks (Ch'n), D. C. Cleaver, U. C. Smith, Jos. H. Brown, W. H. James, Chas. F. Iseminger, Thos. Wagner, Jr., John O. Taxis. John B. Dallas, O. M. Willson, Wm. P. Becker, Frank Schanz, Wm. Moffet, Isaac D. Hetzell, Theodore M. Etting.

#### AN ORDINANCE

To authorize the construction of sewers on Eighth and Twentysecond streets.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain. That the Department of Public Works be, and is, hereby authorized to construct the following sewers, viz.: On the line of Eighth street, from the sewer in Snyder avenue to the south curb line of Wolf street. On the line of Twenty-second street, from Susquehanna avenue to York street. Said sewers to be built in accordance with specifications prepared by the Department of Public Works.

Sect. 2. The Director of the Department of Public Works shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest bidders; and it shall be a condition of said contract, that the contractor shall accept the sums assessed upon and charged to the properties lying upon the lines of said sewers in manner and form authorized by ordinance, entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12, 1866, and supplement thereto approved February 16, 1869; any excess over and above said assessment, in addition to that provided for by ordinance entitled "An Ordinance authorizing the Chief Engineer and Surveyor to draw warrants for street intersections, manholes, and legal deductions

in the construction of branch sewers," approved April 3, 1868, to be charged to Item (for branch sewers) of annual appropriation made to the Department of Public Works (Bureau of Surveys), said excess not to exceed the sum of one thousand nine hundred (1,900) dollars.

## APPENDIX No. 18.

Philadelphia October 2, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys and Regulations, to whom was referred the accompanying "Ordinance to place American street north of Tabor street, in the Twentysecond Ward, upon the city plan," beg leave to report that recently American street has been placed upon the city plan, between Second and Third streets, from Clarkson to Grange streets, according to a location fixed by a land company in laying out their lots. About the same time another land company laid out their lots giving American street another location for a portion of the distance. The deeds were drawn and the lots sold without the knowledge of the Bureau of Surveys, prior to the confirmation of the plan. As the city had not previously laid out any intermediate streets on the city plan, between Second and Third streets, it is claimed that the owners in fee had a right to arrange this intermediate street to suit themselves, and therefore it is recommended that the line of American street shall be revised to suit the present actual location of the street resulting from a bona fide sale of lots.

Thomas L. Hicks (Ch'n), D. C. Cleaver, Chas. F. Iseminger, John O. Taxis, Thos. Wagner, Jr., W. H. James, John B. Dallas, O. M. Willson, Wm. P. Becker, Frank Schanz, Wm. Moffet, Isaac D. Hetzell, Theodore M. Etting, U. C. Smith.

### AN ORDINANCE

To revise a portion of plan No. 268.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the Department of Public

Works be, and is, hereby authorized to revise that portion of plan No. 268, on file in the Bureau of Surveys, between Second and Fifth streets, and Clarkson and Nedro streets, in the Twenty-second Ward.

#### APPENDIX No. 19.

Philadelphia, September 24, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys and Regulations, to whom was referred the accompanying ordinance to place Cedar street, in the Twenty-first Ward, upon the city plan, beg leave to report that this street is the natural approach to the proposed bridge over the canal and river to connect Manayunk and Pencoyd, and as communication is needed between the two places, we recommend the passage of the ordinance.

Thomas L. Hicks (Ch'n), D. C. Cleaver, U. C. Smith, Jos. H. Brown, W. H. James, Chas. F. Iseminger, Thos. Wagner. Jr., John O. Taxis, John B. Dallas, O. M. Willson, Wm. P. Becker, Frank Schanz, Wm. Moffet, Isaac D. Hetzell, Theodore M. Etting.

## AN ORDINANCE

To place Cedar street, in the Twenty-first Ward, upon the city plan.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the Department of Public Works be, and is, hereby authorized to place on the city plan Cedar street, from Main street to the Schuylkill river, of the width of fifty feet, in the Twenty-first Ward.

### APPENDIX No. 20.

Philadelphia, October 2, 1888.

To the President and Members of the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys and Regulations, to whom was referred the accompanying sundry ordinances to place upon the city plan Dickens, Chelwynde, and Harley avenues, and Woodstock, Itschner, Bellevue, and Bouvier streets, beg leave to report that these streets are from thirty to fifty feet wide, and advantageously located; that most of them now are, and the rest will be, speedily improved. A suitable proviso will secure the city against claims for the ground taken. We therefore submit an ordinance herewith, and recommend its passage.

Thomas L. Hicks (Ch'n), D. C. Cleaver, Chas. F. Iseminger, John O. Taxis, Thos. Wagner, Jr., W. H. James, John B. Dallas, O. M. Willson, Wm. P. Becker, Frank Schanz, Wm. Moffet, Isaac D. Hetzell, Theodore M. Etting, Uselma C. Smith.

#### AN ORDINANCE

To place Dickens, Chelwynde, and Harley avenues, Woodstock, Itschner, Bellevue, and Bouvier streets upon the city plan.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the Department of Public Works be, and it is, hereby authorized to place upon the city plan Dickens avenue, from Sixty-second to Sixty-fifth streets, between Elmwood and Buist avenues, of the width of fifty (50) feet, in the Twenty-seventh Ward; Chelwynde avenue, from Sixty-second to Sixty-fifth street, between Buist and Dicks avenues, of the width of fifty (50) feet, in the Twenty-seventh Ward; Harley avenue, from Sixty-second to Sixty-third street, between Gibson and Eastwick avenues, of the width of fifty (50) feet, in the Twenty-seventh Ward; Woodstock street, from Susquehanna avenue to Dauphin street, of the width of forty (40) feet, in the Twenty-eighth Ward; Itschner street, from Nineteenth to Twentieth streets, of the width

Gentlemen:—We, your Committee on Surveys and Regulations, to whom was referred the accompanying petition to change the name of Currant Alley, between Walnut and Spruce streets, to Warnock street, beg leave to report that it is proposed to call all the secondary streets between Tenth and Eleventh streets, Warnock street, in conformity with a project now in agitation to dispense with duplicate and unnecessary multiplication of names. We entirely approve of this measure and recommend the passage of the accompanying ordinance.

Thomas L. Hicks (Ch'n), D. C. Cleaver, U. C. Smith, Jos. H. Brown, Chas. F. Iseminger, Thos. Wagner, Jr., John O. Taxis, W. H. James (for report), John B. Dallas, O. M. Willson, Wm. P. Becker, Frank Schanz, Isaac D. Hetzell, Wm. Moffet, Theodore M. Etting.

## AN ORDINANCE

To change the name of Currant Alley to Warnock street.

Section 1. The Select and Common Councils of the City of Philadelphia, do ordain, That the name of Currant alley, between Walnut and Spruce streets be, and the same is, hereby changed to Warnock street, and the Director of the Department of Public Safety be, and is, hereby directed to place sign boards in accordance herewith.

#### APPENDIX No. 26.

### MAYOR'S OFFICE.

Philadelphia, October 18, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from Louis Wagner, Director of the Department of Public Works, relative to the construction of main sewers authorized to be built through Tasker street and Somerset street; accompanying this communication are copies of letters from the Chief of the Burcau of Surveys and the Philadelphia and Reading Railroad Company upon the same subject.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, October 18, 1888.

HON. EDWIN H. FITLER,

Mayor of Philadelphia.

DEAR SIR:—In company with the officers of the Bureau of Surveys and representatives of the Philadelphia and Reading Railroad Company, I have visited Tasker street and Somerset street, on the river Delaware, with a view to arranging for the construction of the main sewers authorized to be built by ordinance of Council.

The streets through which these sewers are to pass are still private property, and in endeavoring to secure permission of the owners to pass through the same, I have had a letter sent me by the Vice-President of the Philadelphia and Reading Railroad Company, asking that in consideration of the privilege to pass through their property, the city will vacate certain streets. A copy of this letter, together with a copy of the

report of the Chief of the Bureau of Surveys upon the subject, is hereto attached.

I have the honor to request that you will transmit the same to Councils, for reference to, and consideration by, the proper Committee.

Yours, truly,

LOUIS WAGNER,

Director.

Philadelphia, October 17, 1888.

GENERAL LOUIS WAGNER.

Director of the Department of Public Works.

DEAR SIR:—In view of the extraordinary cost and difficulty of constructing the Somerset street sewer through the property of the Philadelphia and Reading Railroad, from Richmond street to the Delaware river and tearing up and rebuilding the tracks and pier No. 6, I have made examinations and studies to ascertain whether it could be advantageously avoided.

We have the right on Williams street, which is only 50 feet wide, whereas Somerset street is 60 feet wide, and to turn from Somerset into Williams street, either at Tulip or Richmond street, would add to the length and the cost of the sewer over \$40,000. The curves and increase of length are objectionable, and the narrower streets would be nearly filled up with the sewer.

To tear down the track on pier No. 6 and rebuild them will cost \$15,000, besides the loss of business, and storage capacity, which the company call attention to. This loss will be considerable; but statements are made to me by several persons that the principal shipping is from piers further south, and that this pier is comparatively little used.

The trestling is now old, and when rebuilt will be much more substantial and valuable; I should say that the replacing of the old tracks for them would be worth to them half of the cost, or \$7500.

I do not know how to estimate the loss of business, but I should think that what they would gain on the new construction would fully compensate them for the loss of business, and

that we should have the right to go through their property without any charge.

With regard to the opening of Tasker street, I find some surplusage of legislation, but back of it, I find in the Registry Bureau a record that it was opened by a jury from the "Delaware river to Front street, February 6, 1832." I therefore take it that the street is legally opened, and we have unrestricted right to construct the Tasker street sewer without its entering into this question. We can go on and advertise and build Tasker street sewer.

I have looked into the proposition of the railrod company to have all the streets vacated and stricken from the city plan, between Williams street and Allegheny avenue, east of Elm street.

Under an ordinance passed September 25, 1875, (P. 252) all streets between the above limits, east of Bath street, except Neff street, were stricken from the plan on condition that the Reading Railroad should dedicate Neff street, 100 feet wide, and Williams street, from Brabant street to Port Warden's line, and Bath street, from Williams to Allegheny avenue, 80 feet wide, which was done by them as certified by the Law Department. With the exception of five small lots, it is represented that the P. & R. R. Company now own all the property within the limits the vacation is asked for.

Since receiving your letter, I have endeavored by inquiry to ascertain what objection would be likely to arise thereto. It is asserted by several who are in a position to be well informed that there would be a very strong opposition by some of the property owners in that vicinity, and the assertion is made that the Port Richmond wharves now entirely occupy 3,000 feet of the river front from Cumberland street to Williams street, and this proposal would cut off 2,400 feet more from Williams street to Allegheny avenue. I ask what disadvantage this would be, and was told "it deprives people from getting to the river all this distance." To the inquiry as to what they need go to the river for, I could not get an explicit answer.

The fact must be recognized, that in order to operate large railroad business successfully, large areas are required, and if these can be given where the railroads are firmly seated by virtue of long established laws, and territory and business has grown up adapted to those conditions, if the facilities for railroad business can be given and restricted to those localities, it will be best for the public interest.

I do not see therefore that the corporation or public generally would be seriously interfered with by the proposed revision of the plan, and any disadvantages would be more than balanced by the increased facilities afforded by giving space for the successful operations at the termination of a great line of railroads.

While the privileges asked for by the railroad, and by the city, are quite independent of the other, it seems to me that the railroad company should concede gratuitously what we ask for and the city grant their request.

I think they should be secured by separate ordinances and should not be given the one as a consideration for the other.

Yours, truly,

### SAMUEL L. SMEDLEY,

Chief, Bureau of Surveys.

Philadelphia, October 12, 1888.

GENERAL LOUIS WAGNER,

Director Department of Public Works.

DEAR SIR:—Referring to the matter of extension and construction of sewers through our property at Port Richmond and at Tasker street, which has been the subject of discussion between your department and our company, I would say that it is the disposition of all parties connected with the Philadelphia & Reading Railroad Company to accommodate the city in this respect in the most liberal manner possible.

As a matter of course, the construction of the work will be a most serious injury to us from a money standpoint. It will involve, during the time required to complete the sewer through the pier at Somerset street (which time is estimated by your engineers as from six to nine months), the loss of the use of pier No. 6, the loss of the use of the south side of pier No. 5, and of the north side of pier No. 7, by reason of the occupation of the docks by your floats and lighters, necessarily

required in the process of the construction, as well as loss of storage capacity for our coal upon the pier, to the extent of about 50,000 tons.

It is hard to estimate what the amount of this damage would be, but it must necessarily be very large. Tasker street has never been opened through the property of this company, and with the desire of facilitating and expediting the work of the construction at that point, we would be willing to waive the delay which will be involved in proceedings for opening the street, assessing and awarding damages to us, and other delays incident to such proceedings, and in addition, would give the right of way for the sewers without cost to the city.

Provided, the city in return would, through Councils, vacate the streets from Elm street eastward, and Williams street northward to Allegheny avenue, as illustrated upon the accompanying blue print, as being within the boundary lines of the property of this company. These streets within our limits will be of value to us, because, if vacated, we will be enabled to enclose our property and construct and operate continuous railroad tracks, while at the same time, their use would be of but little practical value to the public, and their vacation would result in no disadvantages to the public.

If your views upon this subject coincide with ours, as I trust they will, we can arrange at once for the use of our property for the improvements suggested. I shall be glad to meet you and discuss the subject, and give you any additional details in this connection whenever it suits your convenience.

Yours, truly,

A. A. McLEOD,

Vice-President and General Manager.

## APPENDIX No. 27.

MAYOR'S OFFICE.

Philadelphia, October 18, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit a communication from Louis Wagner, Director of the Depart-

ment of Public Works, setting forth the steps taken to carry out the resolution passed by your Honorable Bodies on November 3, 1887.

It will be seen that the railway companies have ignored all our proceedings, and no doubt stand prepared to contest in court the question of their liability to repave, with improved pavement, from curb to curb, the streets they occupy.

This question has been agitated for a long time past, and should be settled, so that the streets occupied by these companies, which are, in fact, all the principal thoroughfares of the city, can be repaided with improved pavement. I ask your earnest attention, and would say that I am prepared to co-operate with you in bringing about any early settlement of this important question.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

### DEPARTMENT OF PUBLIC WORKS.

Philadelphia, October 15, 1888.

HON. EDWIN H. FITLER,

Mayor of Philadelphia.

Dear Sir:—In compliance with the resolutions of Councils, passed on November 3, 1887, authorizing and directing me to prepare a new and proper street passenger railway test case. I notified the company operating the railway on Race and Vine streets to repave a certain portion of their road with Belgian blocks. They failed to do so, but agreed to submit the points at dispute in a "case stated" in the proper court without requiring the department to stop their cars.

The attorney representing the company had several conferences with me, as well as with the City Solicitor; but the case stated has, I believe, not yet been agreed upon, much less argued and decided.

In their bill several points were raised which developed some entirely new facts in connection with the ordinances of Councils regulating this matter, and a more careful reading of these satisfied me that the attempts theretofore made to compel the passenger railway companies to repave the streets occupied by them had not been in strict compliance with the terms of the letter of the law.

After a further conference with the City Solicitor it was deemed best to approach this matter in an entirely new way, and the Chief of the Burean of Highways was directed to submit a list of streets, five or six squares, occupied by each of the passenger railway companies in the heart of the city out of repair and requiring repaving, and on the receipt of his report the respective companies were notified upon blank appended, marked "A," to repave these streets within the time required by the ordinance of Councils.

To prevent possible complications as to the company finally liable to do this work, these notices were served not only upon the President of the corporation owning the tracks, but also upon the Presidents of the companies having leased them; and the parties notified, as well as the streets ordered to be repaved, are found upon appendix B hereto attached.

These notices were mailed to the proper address on September 28th, and on October 10th the Chief of the Bureau of Highways reported as the result of the examination of the streets upon which the passenger railway companies were notified to lay Belgian blocks, that the only road paying any attention to the notice was the Union Passenger Railway Company, which was laying blocks on Seventh street, from Filbert to Race streets. The blocks laid by this company upon this street are not in accordance with the notice served, not being Eastern granite blocks: and it is presumed that the work done is being done with regard to the notice served upon them.

Section 4 of the ordinance of July 7, 1857, referred to in the notice to the companies, reads as follows:

"It shall be the duty of any company, as aforesaid, when requested so to do by the Chief Commissioner of Highways, to remove any obstruction, mend or repair their road, pave or repave the highways, as hereinbefore provided; and should they refuse or neglect to do so for ten days from the date of such notice, then and in such ease the Councils may forbid the running of any ear or ears upon the said road until the same

is fully complied with; and the city reserves the right in all such cases to repair or repave such streets, and the expense thereof shall be a judgment upon the road, stock, and effects of such company, recoverable as judgments are now recoverable by the City of Philadelphia."

The companies have refused or neglected for a longer period than ten days from the date of notice to comply with the request of the department, and it is for Councils to say whether either or both of the remedies against the companies named in this section shall be applied. If it is desired to forbid the running of the cars upon these roads, it will be necessary to pass an ordinance directing the department to do so. If, in addition to this or in lieu of this, Councils desire that the streets should be repayed, the expense of such repaying to become a judgment upon the road, stock, and effects of the respective companies, it will be necessary to make appropriations sufficient for this purpose.

The department has an item for repairing, repaving, and removing snow and ice from streets upon which passenger railway tracks are laid, amounting to \$2,500, a sum manifestly inadequate to do more than to raise another case for submission to the courts, where two are already pending by the paving of less than one square of a street occupied by passenger railway tracks.

The whole matter has been carefully considered by the department in all its details, and no further steps can be taken without legislation of Councils in one or both of the directions above indicated.

I have the honor to request that you will transmit this report to Councils for their consideration.

Yours, truly,

LOUIS WAGNER,

Director.

MAYOR'S OFFICE.

Philadelphia, October 18, 1888.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from Louis Wagner, Director of the Department of Public Works, requesting a transfer from Item 4, appropriation Bureau of Gas, to the appropriation to the Office of the Director of Public Works.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, October 16, 1888.

Hon. Edwin H. Fitler,

Mayor of Philadelphia.

DEAR SIR:—The City Controller informs me that he considers that the Ordinance approved June 12, 1888, in regard to the fitting up of the building at the Northeast corner of Juniper and Filbert streets for occupancy by the Bureau of Water and Gas. transfers \$5,000 from the appropriation of the Bureau of Gas to the Office of the Director of the Department of Public Works, and he suggests that a similar transfer be made to pay the rent for this building. (The rent for the office

heretofore occupied by the Bureau of Gas has been paid out of the general appropriation to that Bureau without being specifically named therein.)

In view of this letter from the Controller, and for the purpose of completing the work of fitting up this building, I have the honor to request that you will ask Councils to pass an Ordinance making an additional transfer for the purpose indicated, from Item 4, Section 3, Bureau of Gas, of the annual appropriation to this Department, of \$527.37.

Yours truly,

LOUIS WAGNER,

Director.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, October 18, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—In a few days a new Silsby engine will be forwarded under the present contract, subject to trial. I ex-

tend to you an invitation to be present at that trial, the date of which notice will be given.

Yours respectfully,

MAYOR'S OFFICE.

Philadelphia, October 18, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from William S. Stokley, Director of the Department of Public Safety, forwarding a communication from Louis Wagner, Director of the Department of Public Works, relative to nuisances in the neighborhood of Thirty-fourth and Walnut streets.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, October 8, 1888.

HON. EDWIN H. FITLER,

Mayor of the City of Philadelphia,

DEAR SIR:—I received several complaints of nuisances existing in the neighborhood of Thirty-fourth and Walnut streets by reason of defective drainage.

I addressed a communication to the Director of Public Works, on the 5th inst., to which he sends the enclosed reply. Will you be good enough to forward the same-to Councils that they may take such action in the premises as they may deem best to relieve the citizens of the alleged nuisance.

Yours respectfully,

W. S. STOKLEY,

Director.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, October 8, 1888.

HON. WILLIAM S. STOKLEY,

Director of Public Safety.

DEAR SIR:—In reply to yours of the 5th inst., the Chief of the Bureau of Surveys, reports as follows:

"The sewer at Thirty-fourth and Walnut streets is 30. above tide, and the curb in the middle of the block on Woodland avenue is only 36.7, consequently, a sewer would only be about four feet deep at the depression. This would drain the street, but would not be deep enough to drain cellars, and I presume this is what needs relief. To drain effectually and deep enough, a new sewer would have to be built very deep along Walnut street, from Thirty-fourth to Thirty-third street, at which point the old sewer is deep enough for an outlet. As a sewer has already been built on Walnut street, no assessment bills could be collected by the city, and the extra cost would be about \$1,500.

"The trouble arises from an old creek running diagonally across the blocks, and the property owners put in a wooden trunk where the houses were built. This has rotted out, and they have brought the trouble on themselves by not building of stone or brick.

"They are in trouble and the city will have to come forward and help them out, even if it does cost something extra.

"The subject should be presented to Councils so that they could pass an ordinance if they think proper."

Yours truly,

LOUIS WAGNER,

Director.

To the Committee on Finance.

Gentlemen:—The Sub-Committee on Finance (surplus) respectfully report, that they have considered "An Ordinance to authorize the purchase of certain lots of ground, situate on the southwest side of Sprague street and the northwest side of Woodbine avenue, and on the northwestwardly side of Sprague street, Twenty-second Ward, and to make an appropriation therefor, recommended by the Board of Public Education," and recommend that the ordinance be reported to Councils with a favorable recommendation.

John H. Graham (Ch'n), Thomas M. Thompson, Peter Monroe, Chas. F. Iseminger, Edw. W. Patton, Edwin S. Stuart.

#### AN ORDINANCE

To authorize the purchase of certain lots of ground, situate on the southwest side of Sprague street and the northwest side of Woodbine avenue, and on the northwestwardly side of Woodbine avenue, southwest from the southwestwardly side of Sprague street, Twenty-second Ward, and to make an appropriation therefor.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the City Solicitor be, and he is, hereby authorized and directed to examine the titles to the following described lot or pieces of ground in the Twentysecond Ward, viz.: All that certain lot or piece of ground, situate on the southwest side of Sprague street and the northwest side of Woodbine avenue, containing in front or breadth on said Sprague street, one hundred and twenty-four (124) feet ten and three-fourths  $(10\frac{3}{4})$  inches, and extending in length or depth of that width southwestwardly along the side of Woodbine avenue, one hundred and fifty (150) feet; also, all that certain lot or piece of ground, situate on the northwestwardly side of Woodbine avenue, at the distance of one hundred and fifty (150) feet southwest from the southwestwardly side of Sprague street, containing in front or breadth on said Woodbine avenue fifty (50) feet, and extending in length or depth northwestwardly of that width, between parallel lines at right angles with said Woodbine avenue, one hundred and twenty-four (124) feet ten and three-fourths (103) inches, more or less. If the City Solicitor approves of the same, to cause a conveyance of the said lots or pieces of ground to be made to the City of Philadelphia in fee, the consideration therefor to be the sum of two thousand (2,000) dollars for the first described lot or piece of ground, and the sum of six hundred (600) dollars for the second described lot or piece of ground, making a total of two thousand six hundred (2,600) dollars for the two lots.

Sect. 2. That the sum of two thousand six hundred (2.600) dollars be, and the same is, hereby appropriated to the Board of Public Education, to pay for the lots of ground described in the first section hereof; and warrants shall be drawn by the Board of Public Education, in conformity with existing ordinances.

### APPENDIX No. 34.

Philadelphia, October 18, 1888.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

Gentlemen:—The Committee on Finance respectfully report that they have considered a message from the Mayor, with a communication from the Director of the Department of Public Works, for an appropriation of \$6,700 to pay District Surveyors, accompanied with an ordinance (see Common Council Appendix No. 213), and submit the annexed ordinance to make the appropriation, and recommend its passage.

John Bardsley (Ch'n), Chas. F. Iseminger, Thomas M. Thompson, Alex. Reinstine, Geo. B. Edwards, A. J. Maloney, E. P. Smithers, Wencel Hartman, J. Raymond Claghorn, Edward W. Patton, Samuel F. Houseman, Thos. M. Hammett,

John H. Graham, D. T. Jenks.

# AN ORDINANCE

To make an additional appropriation to Section 8, Item 4, of the "Ordinance to make an appropriation to the Department of Public Works, for the year 1888," to pay salaries and expenses in the First, Eighth, Eleventh and Thirteenth Survey Districts.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the sum of six thousand and seven hundred (6,700) dollars be, and the same is, hereby appropriated to the Department of Public Works, Bureau of Surveys, as follows: For salaries, expenses, rent, tools, instruments, carriage hire, horse keep, and incidentals, in the First Survey District, the sum of five hundred (500) dollars; in the Eighth Survey District, the sum of two thousand (2,000) dollars; in the Eleventh Survey District, the sum of eight hundred (800) dollars; in the Thirteenth Survey District, the sum of three thousand four hundred (3,400) dollars: Provided, That the fees earned in each district shall amount

to the salaries over and above the expenses of the office, and that work done for any Department, Bureau, Board, or Commission of the City of Philadelphia, shall be taken to be fees earned within the intent of this ordinance Warrants shall be drawn in accordance with existing ordinances.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys and Regulations, to whom was referred the accompanying "Ordinance to place Forbes street, in the Thirtieth Ward, upon the city plan," beg leave to report that this street is of the width of thirty-five feet, and is built upon. We recommend favorably an ordinance to place it upon the city plan, provided the property owners first dedicate the same.

Thomas L. Hicks (Ch'n), D. C. Cleaver, W. H. James, Samuel Crothers, U. C. Smith, W. McCoach, W. Thornton, A. E. Jones, Frank Schanz, Isaac D. Hetzell, John B. Dallas, Wm. Moffet, Chas. F. Iseminger, Thos. Wagner, Jr.

#### AN ORDINANCE

To place Forbes street upon the city plan, in the Thirtieth Ward.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the Department of Public Works (Bureau of Surveys) be, and the same is, hereby authorized to place upon the city plan Forbes street, thirty-five feet wide, between South and Bainbridge streets, in the Thirtieth Ward: Provided, That the owners of the ground within the lines thereof first dedicate the same as a public highway.

# APPENDIX No. 50.

Philadelphia, October 16, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys and Regulations, to whom was referred the accompanying "Ordinance to revise the grades of Seneca street, in the Twenty-fourth

Ward," beg leave to report, that this is a petition of all the owners of property on the line of Seneca street, between Fifty-hird and Fifty-fourth streets, to move the north line thereof, and to make the street fifty feet wide, preparatory to building nouses upon it.

We highly approve of this, and submit an ordinance with a proviso to secure the city against damage, upon which we recommend your favorable action.

Thomas L. Hicks (Ch'n), D. C. Cleaver, W. H. James, Samuel Crothers, U. C. Smith, W. McCoach, W. Thornton, A. E. Jones, Frank Schanz, Isaac D. Hetzell, John B. Dallas, Wm. Moffet, Chas. F. Iseminger, Thos. Wagner, Jr.

# APPENDIX No. 51.

Philadelphia, October 16. 1888.

of the Select and Commou Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys and Reguations, to whom was referred the accompanying "Ordinance o build sewers on Tenor place and Moyamensing avenue," begeave to report, that Tenor place, west of Fourth street, is a rivate street, and the drainage required should be provided t private cost, as provided by existing ordinances: and in repect to Moyamensing avenue, there appears to be no necessity o build a sewer at this time save to admit of paving the avenue; as the great width of the roadway will require sewers on either side, they may be placed upon the footways, and built at any future time they may be needed.

We therefore return these ordinances with a negative recommendation, and ask to be discharged from their further

consideration.

#### RESOLUTION

To discharge the Committee on Surveys from further consideration of "Ordinance to build sewers on Tenor place and Moyamensing avenue."

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Surveys be, and is, hereby discharged from the further consideration of "Ordinance to build sewers on Tenor place, westward from Fourth street, and Moyamensing avenue, from Millin street to Snyder avenue."

# APPENDIX No. 52.

Philadelphia, October 16, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys and Regulations, to whom was referred the accompanying "Ordinance to appropriate one hundred thousand dollars to continue the work of draining the Aramingo eanal and Gunners run," beg leave to report that this subject has been before your Honorable Bodies on sundry occasions, and was fully reported upon by this Committee when it was charged with the duty of distributing the main sewer appropriations. We deem it needless to enlarge upon a matter, the necessity of which to the public

well-being is so apparent, and we approve of the ordinance, and return it with a request that it be referred to the Finance Committee.

Thomas L. Hicks (Ch'n), D. C. Cleaver, W. H. James, Samuel Crothers, U. C. Smith, W. McCoach, W. Thornton, A. E. Jones, Frank Schanz, Isaac D. Hetzell, John B. Dallas, Wm. Moffet, Chas. F. Iseminger, Thos. Wagner, Jr.

### RESOLUTION

To discharge the Committee on Surveys from the further consideration of an ordinance to appropriate money to drain the Aramingo canal, and to refer the same to the Committee on Finance.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Surveys be, and is, hereby discharged from the further consideration of "An Ordinance to appropriate the sum of one hundred thousand (100,000) dollars to continue the work of draining the Aramingo canal and Gunners run, and that the same be referred to the Committee on Finance.

# APPENDIX No. 53.

Philadelphia, October 18, 1888.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Police and Prisons, to which was referred the bill entitled "An Ordinance to regulate the driving of horned cattle, sheep and swine in the City of Philadelphia," respectfully report, that they have carefully considered said bill, report it back, and recommend its passage.

MAYOR'S OFFICE.

Philadelphia, November 1, 1888.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from William S. Stokley, Director of the Department of Public Safety, forwarding copy of resolution adopted by the Board of Health, relative to defective surface drainage on Woodland avenue, between Thirty-third and Thirty-fourth streets, together with accompanying plan and report of Chief Inspector.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

# DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, October 31, 1888.

Hon. Edwin H. Fitler,
Mayor of Philadelphia.

DEAR SIR:—I forward you a communication from the Board of Health, relative to the defective surface drainage of premises on Woodland avenue, between Thirty-third and Thirty-fourth streets, with a request that you forward the same to Councils.

Yours, respectfully,

W. S. STOKLEY,

Director.

### HEALTH OFFICE.

Philadelphia, October 30, 1888.

HON. WM. S. STOKLEY,

Director of Department of Public Safety.

I am directed by the Board of Health to transmit to you the following copy of resolution and report, passed this date, with request that you transmit to City Councils.

Respectfully yours,

WM. P. TROTH, Chief Clerk.

Resolved, That the defective surface drainage causing water in cellar of premises situate on Woodland avenue, between Thirty-third and Thirty-fourth streets, be, and is, hereby declared a nuisance highly prejudicial to the health of the occupants of said premises, and that City Councils be, and are, respectfully requested to have an ordinance passed as soon as possible for the construction of a sewer on Woodland avenue, between the above-mentioned streets, and that a copy of the Chief Inspector's report and a tracing of the diagram accompany this resolution.

# HEALTH OFFICE.

Philadelphia, November 8, 1888.

A. A. HIRST, Esq., Secretary.

SIR:—I have the honor to report having inspected the premises on the line of Woodland avenue, Thirty-fourth and Chestnut streets, as indicated by the accompanying diagram, and find that the yards of the dwellings are several feet below the grades of the respective streets and without facilities for proper drainage, the triangular block depending upon an old wooden trunk or conduit built along the line of what was formerly known as Beaver creek, the course of which is marked

by the heavy red line on the diagram. The conduit is inadequate for the purpose, and the cellars of the houses on Woodland avenue receive water in large quantity, for which there appears to be no immediate remedy, and is certainly prejudicial to the health of the occupants. Sewers have been constructed on Thirty-fourth street and Chestnut street, but not of sufficient depth to drain the yards. The only practical remedy which presents itself is the filling up of the yards and alley-ways to the grades of the respective streets, and the construction of a sewer on Woodland avenue, from Thirty-fourth street to Chestnut street. The filling up of the yards will be of considerable expense to the properties, but until this is done the nuisance will continue.

Respectfully submitted,

CHAS. G. KENNEDY,
Chief Inspector Nuisance Department.

## APPENDIX No. 71.

Philadelphia, November 1, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—The Committee on Finance respectfully report that they have considered "An Ordinance to indemnify Henry B. Tener, formerly a Collector of Delinquent Taxes," and report the same back and recommend its passage.

John Bardsley (Ch'n), Charles F. Iseminger, Wencel Hartman, Charles E. Webster, Alex. Reinstine, Geo. B. Edwards, J. Raymond Claghorn, James A. Freeman, A. J. Maloney, Thos. M. Hammett, John H. Graham, Edwin S. Stuart, Thos. J. Rose, Edw. W. Patton, George W. Scherr.

Philadelphia, October 22, 1888.

JOHN BARDSLEY, Esq.,

Dear Sir:—A copy of a proposed ordinance to indemnify Henry B. Tener, formerly a Collector of Delinquent Taxes,

has been referred to me to-day. I have examined it carefully, and have only to say that I can find no reason why such an ordinance should not be passed, if it meets with the approval of Councils.

Yours truly,

CHAS. F. WARWICK,

City Solicitor.

### AN ORDINANCE

To indemnify Henry B. Tener, formerly a Collector of Delinquent Taxes.

Whereas, Henry B. Tener, formerly a Collector of Delinquent Taxes of the City of Philadelphia, (appointed under the provisions of the Act of March 24, 1870), at the time of his appointment, voluntarily agreed that after retaining from his legal emoluments a fixed salary for his services, and also paying all expenses incurred by him in exercising the functions of that office, to pay the surplus, if any, of said emoluments into the Treasury of the City of Philadelphia for the use of the said city.

AND WHEREAS, The said Henry B. Tener has always been, and is now desirous of paying over the surplus now in his hands; but, in the event of paying over the same before the termination of certain suits now pending, or before the expiration of the time in which claims may arise or be brought by reason of his acts as Collector of Delinquent Taxes, the said Henry B. Tener would have no funds from which to indemnify himself against loss in such cases. Therefore

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the Mayor of the said city be authorized and required simultaneously with the payment of the said surplus by the said Henry B. Tener into the Treasury of the City, to execute a bond in the name of the city in the amount of said payments to the said Henry B. Tener, indemnifying and agreeing to defend him from all liability or responsibility by reason of the said suits now pending, or that may be brought against him growing out of his acts as Collector of Delinquent Taxes of the City of Philadelphia.

#### APPENDIX No. 73.

Philadelphia, November 1, 1888.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Highways, to whom was referred the "Ordinance to provide for the payment of Joseph Johnson for paying the intersection of Eighteenth and Atlantic streets," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Elias P. Smithers (Ch'n), A. Atwood Grace, John H. Fow, Thos. Mechan, Wm. F. Albrecht, Thos. Wagner, Jr., W. McCoach, Isaac Wilde, D. T. Jenks, Edward W. Patton, W. Thornton, Edwin S. Stuart, William McMullen.

#### AN ORDINANCE

To authorize and provide for the payment of Joseph Johnson for paying the intersection of Eighteenth and Atlantic streets, in the Twenty-eighth Ward.

WHEREAS, The ordinance of February 8, 1888, entitled "An Ordinance to authorize the paving of Herman, Thirteenth, Eighteenth, Twenty-first, and Huntingdon streets, in the Twenty-eighth Ward (See page 19, lines 16 to 20, of said ordinance as printed), provides among other things as follows: "Eighteenth street, from Tioga to Venango streets, in the Twenty-eighth Ward, with granite, Pennsylvania, or Lambertville blocks and gravel joints, cost of intersections not to exceed one hundred and seventy-five (175) dollars," and

Whereas, Atlantic street crosses or intersects said Eighteenth street, between said Tioga and Venango streets, and it is alleged by Joseph Johnson, the contractor for paving of said Eighteenth street, that it was not included in his estimate for intersections, nor intended to be included in said estimate, he having based his estimate for seventy (70) square yards, which included only the ends at Tioga and Venango streets, and which came within the ordinance limit of one hundred and seventy-five (175) dollars. That the Director of the Depart-

ment of Public Works, it is alleged, having decided, and so informed the said contractor, Joseph Johnson, that under his contract he will be required to pave the intersections of Tioga, Venango, and Atlantic streets, which will require two hundred and seven and eighty-eight-one-hundredths (207.88) square yards, which would entail on said contractor a heavy loss; and

Whereas, It is further alleged that in the measurement by the surveyor, he omitted the intersection of Atlantic street, and in computing the number of square yards of paving, included the ends of Tioga and Venango streets only, making the measurement seventy (70) square yards, the basis upon which Mr. Johnson estimated, but by the addition of Atlantic street the total is increased to two hundred and seven and eighty-eight-one-hundredths (207.88) square yards, or one hundred and thirty-seven and eighty-eight-one-hundredths (137.88) square yards in excess of the amount estimated on, therefore, in order that Mr. Johnson may be justly compensated:

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the sum of four hundred and nineteen (419) dollars and seven (7) cents be, and the same is, hereby set aside from Item 2, for paving intersections, in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1888, to pay Joseph Johnson for the additional work required of him by the city, and other than was intended by said city, in the paving of the intersection of Eighteenth and Atlantic streets, under the ordinance approved February 8, 1888, and the Director of the Department of Public Works is hereby authorized to draw, and the City Controller to countersign, a warrant in favor of Joseph Johnson for five hundred and ninety-four (594) dollars, and seven (7) cents for said work. All ordinances or parts of ordinances, inconsistent herewith be, and the same are, hereby repealed.

### MAYOR'S OFFICE.

Philadelphia, November 15. 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from Louis Wagner, Director of the Department of Public Works, requesting that certain properties belonging to the city, at present in charge of the Bureau of Gas, be placed under the control of the Bureau of City Property; also, that the payment of certain rents be transferred to said Bureau of City property, and an appropriation made for the payment of the same.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

### DEPARTMENT OF PUBLIC WORKS.

Philadelphia, November 5, 1888.

Hon. Edwin H. Fitler.

Mayor of the City of Philadelphia.

DEAR SIR:—When the City purchased the gas works of the various districts, she came into possession of sundry buildings for which the gas works have not now, nor will have it the future, any use, and which have been rented, and the rents collected by the Burcau of Gas.

In view of the fact that all city property of this kind should be under the control of the Bureau of City Property, I have the honor to request that you will ask Councils to pass an ordinance authorizing the transfer of the following properties to said Bureau:

No. 615 Passyunk avenue, rent per annum,	\$180	00
No. 711 South Second street, rent per annum		
No. 3962 Frankford avenue, rent per annum	108	00
No. 3964 Frankford avenue rent per annum	108	00

I have also the honor to request that the payment of the ollowing rents be transferred to the same Bureau, and that appropriation be made to said Bureau for the payment of the same, the appropriation to the Bureau of Gas being reduced a that extent:

#### Ground rents.

Northwest corner Ninth and Norris streets, per annum	\$600	00
Twenty-fifth and Callowhill streets, per annum	1,974	00
No. 711 South Second street, per annum	96	00

It might be well to consider whether these ground rents should not be extinguished, if it is possible under their terms to lo so. Also the following rents:

West Philadelphia Gas Office, No. 3 South Thirty-seventh	ı	
street, per annum	\$300	00
Office of Bureaus of Water and Gas, No. 1321 Filbert		
street, per annum	6,000	00

MAYOR'S OFFICE.

Philadelphia, November 15, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from Louis Wagner, Director of the Department of Public Safety, requesting that an ordinance be passed authorizing the payment of twenty-one hundred and eighty-five (2,185) dollars and thirty-six (36) cents to Mr. A. J. Drexel, in accordance with the facts as stated in the above mentioned communication.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

### DEPARTMENT OF PUBLIC WORKS.

Philadelphia, November 5, 1888.

HON. EDWIN H. FITLER,

Mayor of the City of Philadelphia.

DEAR SIR:—Some time since, an ordinance was passed directing the repaving of Library street, from Fourth to Fifth streets, with Belgian blocks. The work was advertised for, and the contract awarded, but before the street could be repaved, the owner of the property fronting on said street, desired the character of the pavement to be changed from Belgian blocks to sheet asphaltum, and expressed great anxiety that the work be completed before the opening of the new Drexel building on October 27th.

After conference with the representatives of Mr. A. J. Drexel, I accepted their proposition that they would become responsible for the cost of the work if the Vulcanite Paving Company were authorized to proceed at once, asking, however, that the city would be requested to reimburse them at the same rate as if the streets had been paved with Belgian blocks.

The street has been repayed with asphalt in a very satisfactory manner, and the District Surveyor certifies that at the price under which the contract for blocks was awarded, \$2.44 per square yard, the total amount due is \$2,185.36

I have the honor to request that you will ask Councils to pass an ordinance empowering me to pay Mr. A. J. Drexel for this work.

Yours truly,

LOUIS WAGNER,

Director.

DEPARTMENT OF CHARITIES AND CORRECTION.

Philadelphia, November 2, 1888.

Hon. Edwin H. Fitler,

Mayor of the City of Philadelphia.

DEAR SIR:—Enclosed please find a form of ordinance sking for certain transfers in the annual appropriation to the Department of Charities and Correction, from the Bureau of Correction to the Bureau of Charities, for the year 1888.

These sums are necessary for the purchase of fuel and to pay for needed repairs for the balance of the year.

Yours, respectfully,

J. W. WHITE.

President.

### AN ORDINANCE

To authorize certain transfers in the annual appropriation to the Department of Charities and Correction, for the year 1888.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain. That the City Controller be authorized and directed to make the following transfers in the annual appropriation to the Department of Charities and Correction, for the year 1888: From Item 18, fuel for buildings and gas works, Bureau of Correction, two thousand (2,000) dollars, to the following items, Bureau of Charities: Item 9, wages on pay-roll, two hundred and twenty-five (225) dollars; Item 19, fuel, one thousand (1,000) dollars; Item 23, wages on pay-roll, two hundred (200) dollars; Item 32, repairs to houses, plumbing, gas and steam fitting, and materials therefor, five hundred and seventy-five (575) dollars; in all, two thousand (2,000) dollars.

## APPENDIX No. 93.

# MAYOR'S OFFICE.

Philadelphia, November 15, 1888.

To the Select and Commou Councils of the City of Philadelphia.

Gentlemen:—I have the honor to return herewith, without my approval, an ordinance entitled "An Ordinance to authorize the erection of a gas lamp at the corner of Cherry and Claymont streets, in front of the St. Clement's Dispensary, in the Tenth Ward."

The accompanying plan of gas lamps in the vicinity of these streets shows that there are five lamps already erected in this square, one of them within ten feet of the line of the corner where this ordinance directs the erection of another lamp; this appears to me to be unnecessary.

Even without this apparent excess of public lamps, it is a serious question whether the expenditure necessary for the

publication of separate ordinances for separate public lamps would be justifiable.

Would it not be well, in connection with this matter, to consider the expediency of passing a general ordinance regulating the location of public lamps, under such restrictions as may be deemed proper by your Honorable Bodies, so that the passage of ordinances directing the location of specific lamps would be rendered unnecessary.

I am, respectfully,
EDWIN H. FITLER,
Mayor.

## APPENDIX No. 94.

Philadelphia, October 10, 1888.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—In accordance with the provisions of the ordinance of May 9, 1857, the Commissioners of the Sinking Fund herewith present their report for the quarter ending September 29, 1888.

#### RESOLUTION

To meet in Joint Convention to elect a Trustee of the Norristown Insane Asylum.

Resolved, That Select Council be invited to meet Common Council in Joint Convention this day at 5 P. M., for the purpose of electing a Trustee of the Norristown Insane Asylum.

### APPENDIX No. 96.

#### RESOLUTION

Requesting the opinion of the City Solicitor as to whether property owners on Penn street, in the Twenty-second Ward, are liable for assessment charges for paving the roadway.

Whereas, Penn street (formerly Shoemaker's Lane), from the Reading Railroad to Chew street, in the Twenty-second Ward, is a through and largely used avenue of public travel, and by reason of an improved roadway being necessary, Councils did, by Ordinances of March 28, 1888, provide for its macadamizing with Belgian block gutters, subject to a proviso that owners of property assessed at suburban rates should first give their assent before the contractor could begin the work.

AND WHEREAS, The said street, between the points named, has sewer, water-pipe, and gas-pipe laid, has the benefit of fire plugs in case of fire, has police protection, public lamps along the streets, public schools in the vicinity, the sidewalks long since curbed and paved, and every advantage possessed by those whom the assessors class at full city rates, the properties not being sold by the acre, but valued at from two to five dollars per front foot: Therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be requested to inform these Bodies whether, in his opinion, the proviso above cited is necessary to protect the city, and whether it could be safely repealed in order to secure the much-needed improvement.

#### APPENDIX No. 97.

#### RESOLUTION

Of authorization relating to the securing of the U. S. sloop of war "Jamestown," as a school ship at the Port of Philadelphia.

Whereas, By a communication from Hon. Edwin H. Fitler, Mayor of Philadelphia, Councils have been informed that there is a reasonable cause of belief that the U. S. sloop of war "Jamestown," will, at an early day, be placed in condition to be ordered to the Port of Philadelphia as a school ship for the training of boys in navigation and seamanship, and,

WHEREAS, It is desirable that all means that are necessary to secure the said vessel for the said purpose should be promply taken. Therefore, be it

Resolved, by the School and Common Councils of the City of Philadelphia, That the Mayor of the said city be, and he is, authorized to take such steps, and to pursue such measures as he may deem necessary to secure the said vessel for the purpose aforesaid.

## APPENDIX No. 98.

## RESOLUTION

Requesting certain information of the Public Building Commissioners.

Whereas, Councils appropriated to the Public Building Commissioners for the year 1888 the sum of \$525,000.00; and.

WHEREAS, The said Public Building Commissioners have requested an appropriation for the year 1889, of \$1,115,900.00; and,

Whereas, It is important that Councils should be fully informed as to the uses to which said money has been, or is to be, applied. Therefore, be it

Resolved by Common Council. That the said Public Building Commissioners be, and they are, hereby requested to inform Common Council as to the following:

- 1st. What proportion of the appropriation for 1888 was expended for the maintenance of said building, and what proportion was expended for permanent construction?
- 2d. What proportion of the appropriation asked for, for 1889, is intended for maintenance charges, and what proportion is intended for permanent construction?

### APPENDIX No. 99.

## LAW DEPARTMENT.

Philadelphia, November 27, 1888.

JOHN ECKSTEIN, Esq.,

Clerk of Common Council.

Dear Sir:—I received a copy of resolution of Councils, No. 96, requesting my opinion "as to whether property owners on Penn street, in the Twenty-second Ward, are liable for assessment charges for paving the roadway." You state that Penn street (formerly Shoemaker's lane), from the Reading Railroad to Chew street, in the Twenty-second Ward, is an avenue used for public travel, and that Councils, by ordinance of March 28, 1888, provided for the macadamizing of the said road with Belgian block gutters, subject to a proviso that owners of property assessed at suburban rates should first give their assent before the contractor could begin the work.

You ask my opinion as to whether, or not, the above proviso is necessary to protect the city, and whether it can safely be repealed, in order to secure the much needed improvements.

In answer, I have to say that the question as to whether, or not, these properties are surburban or rural, is one that I cannot answer. That will have to be left to a jury, who will pass upon all the facts submitted in the case. For the protection of the city, however, I think it advisable that the proviso should not be stricken out.

Yours, very truly,

CHAS. F. WARWICK,

City Solicitor.

## DEPARTMENT OF PUBLIC WORKS.

Philadelphia, November 2, 1888.

John Eckstein, Esq.,

Clerk of Councils.

DEAR SIR:—The following is a copy of the report of the Chief of the Bureau of Surveys on the matter of the contract of James L. Murray, for the construction of a sewer on Twelfth street:

"James L. Murray was awarded the contract for the construction of a sewer on 'Twelfth street, from Lehigh avenue to Somerset street,' on July 17, 1888, at \$1.93 per linear foot. Estimated length 563 feet, building front 980 feet, with legal deduction of 160 feet, leaving 820 feet of frontage assessable, amounting to \$1,230.

"The amount of work done was \$1,256.01; the bills as turned by the Surveyor amounted to \$736.84, leaving a sh deficit of \$519.53, but as the city was liable under the entract for only \$250, there is a balance due the contractor \$269.53, for which there is no provision. The paper from which the data was obtained was prepared by the late Josiah libbard, who failed to make the proper deduction."

Yours, truly,

LOUIS WAGNER,

Director.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from Louis Wagner, Director of the Department of Public Works, requesting additional appropriations for coal and pay of per diem men, Bureau of Water.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

### DEPARTMENT OF PUBLIC WORKS.

Philadelphia, November 30, 1888.

HON. EDWIN H. FITLER,

Mayor of the City of Philadelphia.

DEAR SIR:—The Chief of the Bureau of Water reports, that because of increased pumpage during the past year, the amount set aside for the purchase of coal is exhausted, and that it will require about \$20,000 additional for the needs of the Department. The balance, to the credit of the item from which coal is taken, amounts to \$493.20.

He also reports, that it will require an additional sum of \$10,000 to pay the per diem men until December 31st. The only amount available for these purposes in the appropriation to the Bureau of Water is in Item 1, Salaries, from which \$1,500 can be transferred.

I have the honor to request that you will ask Councils to pass an ordinance making an appropriation sufficient to meet these deficiencies.

Yours truly,

LOUIS WAGNER,

Director.

### APPENDIX No. 122.

Philadelphia, December 4, 1888.

the Select and Common Councils of the City of Philadelphia.

manded balance December 21, 1887

Gentlemen:—In reply to your resolution of request, passed the 15th ult., the Commissioners, at their earliest Stated feeting held thereafter, directed the following statement to be abmitted:

### STATEMENT.

nexpended barance December 51, 1007	$\psi_{\Delta\Delta}$ , $\psi_{\Delta}$	40
ppropriation, December 31, 1887, for 1888	525,000	00
ppropriation, November 6, 1888, for 1888	75,000	00
Total appropriation for 1888	\$622,782	20
xpended during 1888, to November 30th	601,134	60
Unexpended balance, November 30, 1888	\$21,647	60

Of the amount thus far expended during the present year, careful examination indicates that there is properly chargeble to maintenance, the following:

or materials, such as coal, lighting, additional furniture, alter- ations and repairs for the several Departments, replacing		
carpets, window shades, awnings, etc		47
killed labor employed in running the heating and ventilating		
machinery	11,054	37
killed labor employed in running and keeping in order the		
electric lighting and elevator apparatus		50
approximate cost of watchmen's services	9,079	38
alary of Chief Engineer	1,839	$75 \cdot$
Total	\$50,740	47

That is to say, in an expenditure of six hundred and one housand one hundred and thirty-four (601,134) dollars and

sixty (60) cents, fifty thousand seven hundred and forty (50,740) dollars and forty-seven (47) cents is the approximate amount expended for materials and labor used and employed because of the occupancy of the building by the several departments of the municipal government now having quarters in the new City Hall. The ratio of per centage for maintenance, as will readily be seen, is a trifle over 8.44. As to the second branch of your resolution, the Commissioners consider it probable that if the total expenditure by them during the present year had been double the amount above stated, the total amount necessarily expended for "maintenance" would have been but very little, if any, larger than what it now is, very materially reducing the ratio of per centage. therefore, we consider the question of the "proportion" of the appropriation for 1889, intended for maintenance, the most definite answer that can be given is that the per centage of expenditure for maintenance will, in all probability, be greater or less than that for the present year, in very nearly an inverse ratio, as the total appropriation for the year 1889 is greater or less than the appropriation for the present year.

Very respectfully,

SAMUEL C. PERKINS,

President Commissioners.

HARKINS, Attorney for Petitioners.

o the Honorable the Judges of the Court of Quarter Sessions of the County of Philadelphia.

The undersigned, Commissioners appointed by the Court, ugust 31, A. D. 1888, to "report to the Court of Quarter essions upon the prayer of the petition" for a division of the wenty-fifth Ward of the City of Philadelphia, by a line in he centre of Kensington avenue, in accordance with the Act f Assembly of the twenty-third day of May, A. D. 1874, espectfully report that all the Commissioners met at the office f John Roberts, Esq., No. 431 Walnut street, in the City of hiladelphia, and, in the presence of each other, were duly unlified to discharge their duties with fidelity.

They then organized by the election of John Roberts, Esq., s Chairman, and Joseph J. Broadhurst, Esq., Secretary. That, subsequently, all the Commissioners viewed and examned the premises.

The Commissioners had a draft made of the Ward to be livided, showing the division thereof, by Kensington avenue, which is hereto annexed, marked "Exhibit A."

The Commissioners held several meetings, at some of which hey were attended by George W. Harkins, Esq., attorney for etitioners, and by electors of the ward, who warmly approved he division of the ward by a line along the centre of Kenington avenue. After notice, as to time and place, in

"The Record" and "Public Ledger," and by handbills, posted generally through the ward, and postal cards, sent by mail to all the Councilmen and School Directors in the ward, the Commissioners held a meeting on Tuesday evening, September 25th, at 8 o'clock, in Exchange Hall, at corner of Fifth street and Lehigh avenue, to hear any elector of the ward for or against the division of the ward, at Kensington avenue. No one appeared against the division.

The Commissioners report to the Court that that they are of the opinion that the ward ought to be divided, and that the division should be by a line in the centre of Kensington avenue.

The new ward would then be bounded as follows: Commencing at a point indicated by the intersection of the centre lines of Kensington avenue and Lehigh avenue; thence by the centre of Kensington avenue to Frankford creek; thence along Frankford creek and Wingohocking creek to Bristol township line; thence along said line to Germantown avenue; thence along the centre of Germantown avenue to centre line of Lehigh avenue; and thence to the place of beginning.

The old ward would then be bounded as follows: Beginning at the intersection of the centre lines of Lehigh avenue and Kensington avenue; thence by the centre of Lehigh avenue to the Delaware river; thence along said Delaware river to the Frankford creek; thence along said Frankford creek to Kensington avenue; thence along centre of Kensington avenue to the place of beginning.

All of which is submitted.

JOHN ROBERTS, JOHN HUGGARD, JOSEPH J. BROADHURST, W. FRED'K SNYDER, JAMES POLLOCK.

The fees of the Commissioners are fixed by the Commission at fifty dollars for each Commissioner, cost for advertising, carriage hire, etc., \$68.43; Notary Public, \$2.50; total costs, \$70.93.

B. N. F

#### APPENDIX No. 126.

CLERK'S OFFICE, COURT OF QUARTER SESSIONS, PHILADELPHIA, PA.

Philadelphia, December 6, 1888.

to the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I herewith transmit to your Honorable Bodies a certified copy of the whole record in the matter of

the division of the Twenty-eighth Ward, as provided by Act of Assembly of May 23, 1874.

# BENJ. N. FAUNCE,

Pro Clerk, Court of Quarter Sessions.

To the Honorable, the Judges of the Court of Quarter Sessions for the City and County of Philadelphia.

The petition of the undersigned respectfully represents:

That they are residents and qualified electors of the Twenty-eighth Ward of the City of Philadelphia. The said ward, as shown by the annexed plan, has a territory of upwards of six square miles; that it has now a population of more than sixty thousand inhabitants, and the number of taxables at the last return made by the assessors was over thirteen thousand five hundred.

That by reason of the extensive building operations during the last year and the rapid increase in the population, the number of taxables at the next return, in June, will be upwards of 14,000, and possibly 15,000.

That the means of access from one portion of the ward to another are difficult and circuitous.

That over 6,000 children are enrolled in the schools of the ward, and the members of the Board of School Directors have great difficulty in giving proper attention to the duties of their office, by reason of the large territory in the school district.

Your petitioners, therefore, showing the foregoing facts, pray your Honorable Court to appoint five impartial men, to inquire into the propriety of dividing said ward, on a line marking the centre of Susquehanna avenue, and to make report thereon to your Honorable Court, in accordance with the provisions of the Act of Assembly approved the 23d day of May, A. D. 1874 (Dec. 2, P. L. 230), entitled An Act dividing the cities of this State into three classes, etc.

## IN THE COURT OF QUARTER SESSIONS.

Filed May 5, 1888.

Petition for division of the Twenty-eighth Ward, and the appointment of a commission to report upon the advisability of said division.

And now, to wit, May 5, 1888, the court appoint the following citizens to inquire into the propriety of granting the within petition, and report the same to the court in accordance with the Act of Assembly, approved May 23, 1874, S., viz.:

WILLIAM J. POLLOCK, JAMES E. SALTER, SAMUEL D. SIDEBOTHAM, ROBERT LAUGHLIN, WILLIAM LAWSON, HENRY REED.

WALTON, YARROW, JAMES. the Honorable the Judges of the Court of Quarter Sessions, for the City and County of Philadelphia.

We, the undersigned Commissioners, to whom was referred to petition of certain citizens of the Twenty-eighth Ward, king for a division of said ward, would respectfully report to the met for the purposes of our appointment after having len first duly qualified according to law, and organized by the election of James E. Salter, as Chairman, and Robert Lughlin, Secretary. That we held meetings in pursuance of adappointment upon May 17th, 22d, 23d, 25th, and 28th, and June 1st.

That two public meetings were held in said ward: for the fst of which notice was given by advertisement in three daily twspapers, to wit: "The Press," "Evening Bulletin," and 'Record," a copy of which is hereto annexed. The first plic meeting was held at "Camac School-house," Thirtenth and Susquehanna avenue, and the second at "Forrest shool-house," Falls of Schuylkill.

That at neither of these meetings was any reason suggested by said ward should not be divided as per the petition presented to your Honorable Court, but reasons were given showing that the ward would be benefited by the division.

We have gone over the ward and noted the many building cerations now going on.

We have examined over two hundred of the taxable inhabints of said ward.

The ward at the present time contains  $6\frac{3.4.3}{10.00}$  square miles territory. The portion proposed to be cut off and divided, wit: south of Susquehanna avenue, will contain  $\frac{8}{10}$  square ples. While this is a small portion of the territory embraced the present ward, yet two-thirds of it is almost solidly built and contains over five-twelfths of the taxable inhabitants of e ward.

We would therefore recommend that a division of the ward made south of Susquehanna avenue, the boundaries of hich will be as follows (as per plan attached to the petipn): Beginning at Schuylkill river and Montgomery avenue, Eleventh street, to Susquehanna avenue, to Schuylkill river, Montgomery avenue—this will leave the boundary of the maining portion of the ward as follows, viz: Beginning at

Schuylkill river and Susquehanna avenue to Germantown avenue, to Roberts avenue, to Wissahiekon avenue, to School lane, to Schuylkill river, to Susquehanna avenue.

Respectfully submitted,

J. E. SALTER,
WILLIAM LAWSON,
ROBT. LAUGHLIN,
S. D. SIDEBOTHAM,
WILLIAM J. POLLOCK.

#### SPECIAL NOTICE.

Division of Twenty-eighth Ward. The Commissioners appointed to report upon the advisability of dividing the Twenty-eighth Ward, will meet at Camac School, Thirteenth and Susquehanna avenue, on Wednesday, May 23, at 8 P. M., to hear testimony pro and con.

#### DEPARTMENT OF PUBLIC WORKS.

Philadelphia, November 28, 1888.

OUIS WAGNER,

Director Department of Public Works.

DEAR SIR:—In reply to Reference No. 217, hereto tached, I make the following report:

Bills were made out to H. C. Eyre in payment for sewer on wenty-sixth street, from Ellsworth to Wharton streets, and divered to him. Among these were bills for two lots, one gainst Justice Cox for \$24.63, and one against C. A. Rubican r \$158.62, without any deduction being made. It afterards appeared that Messrs. Whalen & McGuckin owned oth of these lots, which made that front the longest, upon hich a deduction was legally allowed. The contractor was serefore only able to recover \$122.17 as the amount of the wer bill, leaving him deficient \$61.08. If this had been nown at the time the final estimate was made, he would have ceived the \$61.08 more in cash. In equity he is entitled to its payment.

Yours, truly, SAMUEL L. SMEDLEY,

Chief of Bureau.

Philadelphia, December 5, 1888.

ohn Eckstein, Esq.,

Secretary Committee on Finance.

Dear Str:—In reply to yours of the 1st inst. asking cerin information in reference to "An Ordinance to make an oppropriation to pay John McParland for the construction of sewer on Twentieth street, in front of the Women's Homepathic Hospital," the Chief of the Bureau of Surveys reports. s follows:

"The sewer on Twentieth street, from Susquehanna avenue Dauphin street, was authorized by Councils and the work Impleted under contract of May 18, 1888, by John McParand. In fixing the limit of the contract upon the report of Josiah Hibbard, the Surveyor of the District, there was a certain amount payable in assessment bills, and it has since been discovered that an entire block, belonging to the Women's Homocopathic Hospital, which is not assessable, was included in this, and the contractor could not receive the amount of money he is entitled to out of the assessment bills. He has completed the work at the specific price, and, owing to the bills against the hospital being of no value, he should receive the amount of \$497.17. If this had been discovered before the completion of the work, the money would have been paid out of the appropriation then made, so that it is not a case of actual loss to the city or extra compensation to the contractor."

Ordinance returned.

Yours, truly,
LOUIS WAGNER,
Director.

## AN ORDINANCE

To make an appropriation to pay John McParland for the construction of a sewer on Twentieth street, from Dauphin street to Susquehanna avenue, and to refund to H. C. Eyre money overpaid for the construction of a sewer on Twenty-sixth street, between Ellsworth and Wharton streets.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the sum of five hundred and fifty-eight (558) dollars and twenty-five (25) cents be, and the same is, hereby appropriated out of Item 33 for the construction of branch sewers, inlets, and manholes in the annual appropriation to the Department of Public Works (Bureau of Surveys) for the year 1888, as follows:

Item 1. To pay John McParland for construction of sewer in front of the Women's Homœopathic Hospital, on Twentieth street, from Dauphin street to Susquehanna avenue, said property not being assessable for municipal purposes, four hundred and ninety-seven (497) dollars and seventeen (17) cents.

Item 2. To refund to H. C. Eyre money overpaid in the construction of a sewer, in 1886, on Twenty-sixth street, between Ellsworth and Wharton streets, sixty-one (61) dollars and eight (8) cents.

# LAW DEPARTMENT.

Philadelphia, November 27, 1888.

JHN ECKSTEIN, Esq.,

Clerk of Common Council.

DEAR SIR:—I received a copy of resolution of Councils, b. 96, requesting my opinion "as to whether property owner on Penn street, in the Twenty-second Ward, are liable for a sessment charges for paving the roadway." You state that Inn street (formerly Shoemaker's lane), from the Reading Lilroad to Chew street, in the Twenty-second Ward, is an agnue used for public travel, and that Councils, by Ordinance March 28, 1888, provided for the macadamizing of the said rid, with Belgian block gutters, subject to a proviso that

owners of property assessed at suburban rates should first give their assent before the contractor could begin the work.

You ask my opinion as to whether or not the above provis is necessary to protect the city, and whether it can safely by repealed, in order to secure the much-needed improvements.

In answer, I have to say that the question as to whether of not these properties are suburban or rural, is one that I cannot answer. That will have to be left to a jury, who will past upon all the facts submitted in the case. For the protection of the city, however, I think it advisable that the provis should not be stricken out.

Yours, very truly, CHAS. F. WARWICK, City Solicitor.

#### RESOLUTION

Referring the opinion of the City Solicitor, relative to the resolution in regard to Penn street, together with resolution (Common Council Appendix No. 96) to the Board of Revision of Taxes.

Resolved, by the Scleet and Common Councils of the City of Philadelphia, That the opinion of the City Solicitor in relation to the resolution in regard to Penn street (Common Council Appendix No. 96), together with said resolution, be referred to the Board of Revision of Taxes, with the request that the said Board consider how far they may be justified in making an equal classification of assessment in cases where property owners have equal city advantages, and where it is desirable that streets, by ordinance of Councils, should be paved.

of the Select and Common Councils of the City of Philadelphia.

Gentlemen:—Unwilling to approve of the final settlement with the contractor for building the bridge over the river Schuylkill at Market street before a thorough inspection of the work could be made, to see that it had been built in strict and exact accordance with the plans and specifications of the contract, I requested Messrs. Wilson Bros. & Co. to go over the work and report the result of their inspection to me; this they

did, and upon receipt of their report, the amount due the contractor was at once paid. My agreement with those gentlemen contemplated a fee of \$300, which has not been paid because of the conclusion of the City Controller that there was no law permitting him to approve the warrant. I have therefore the honor to request that you will pass a resolution, which will enable a prompt settlement to be made.

ROBERT P. DECHERT,

City Controller.

Report of the Special Auditors of the Accounts of the Trustees of the Philadelphia Gas Works.

TO ROBERT P. DECHERT,

Controller of the City of Philadelphia.

SIR:—The Special Auditors appointed by you in pursu ance of Section 6 of the ordinance of Councils, approved the fourth day of April, 1887, respectfully submit the following as their report:

In the performance of their duties they have called for all books of original entry, as well as all auxiliary books, embracing Receiver's books, Chief Clerk's cash-books, Control ler's books, and deposit-books, containing receipts of cash, and they have examined and verified the same, and have traced the daily receipts as found in such books to final deposit in bank to the credit of the trustees; and in the disbursement of moneys they have called for all bills, invoices, pay-rolls checks, check-books, etc., and have examined and verified the same by comparing the said bills with cashier's checks and duplicate receipts, and ascertaining that the said bills had been properly approved by the Finance Committee of the Trust.

They have examined the pay-rolls in each department which show the number of men employed, the rate per dien or month paid for service, and found the receipt of each may so employed entered on the rolls, and have compared the total amounts of money paid on such rolls with the paymaster' receipts and checks, and have found them correct.

The summary of the accounts is as follows:

The cash in hands of the Trustees, as per their statemen under date of January 1, 1882, was \$277,401.42, and, by examination of the various bank-books produced by the Trustees we found this amount was deposited in the following banks:

#### MAYOR'S OFFICE.

Philadelphia, December 12, 1888.

Tthe Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith return, without approval, an ordinance entitled "An Ordinance to authorize at provide for the payment of Joseph Johnson, for paving the intersections of Eighteenth and Atlantic streets, in the Tenty-eighth Ward."

Joseph Johnson & Company had a contract with the City of Filadelphia for the paving of Eighteenth street, from Eightenth street, from Tioga street to Venango street, which proved, inter alia, that they should be paid for intersections at the rate of two (2) dollars and seventy-five (75) cents per stare yard, in warrants upon the City Treasurer, to an abount not exceeding one hundred and seventy-five (175) dolls, and that the city should not be liable for an amount exceding the said sum of one hundred and seventy-five (175) dollars.

The ordinance, which I am unable to approve, proposes to by them, notwithstanding this limitation and the contract freed to, an additional sum of four hundred and nineteen (19) dollars and seven (7) cents. It would be exceedingly proper, in the face of such a contract, to increase the amount the paid the contractors by the sum named in the ordinance brewith returned.

It is to be presumed that the contractors knew the amount work to be done under the contract, and that they made eir bid accordingly.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

SIR:—I am directed by the Board of Health to transmit you the following copy of resolution passed this date, and quest its transmission to Councils.

Respectfully yours, etc.,

WM. P. TROTH,

Chief Clerk.

Resolved, That the recommendation of Chief Inspector ennedy (in the attached report) be approved, and City Couns be requested to provide for the construction of a "Sewer on Emeline street, from Eighth to Ovington streets, Fourth ard, and extend the Eighth street sewer, from Emeline to both streets."

#### BOARD OF HEALTH.

Philadelphia, December 20, 1888.

A. A. HIRST, Esq.,

Secretary.

For several years complaints have been made to this off of water in the cellars of dwellings on Emeline street, west Eighth street, Fourth Ward.

Every effort has been made by this Department to have the nuisance abated without success. The only proper remet for the abatement of the nuisance will be the construction a sewer on Emeline street, from Eighth to Ovington street and the continuation of the Eighth street sewer, from Emelin to South streets.

I would, therefore, recommend that the Board request the City Councils to make provision for the construction of sewe on the streets named.

Respectfully submitted,

CHAS. F. KENNEDY,

Chief Inspector.

### APPENDIX No. 229.

LAW DEPARTMENT.

Philadelphia, December 11, 1888.

THOMAS M. THOMPSON, Esq., Chairman of Municipal Committee.

DEAR SIR:—I received your letter of the 3d inst., in which you ask my opinion as to the validity of the enclosed ordinance, entitled "An Ordinance to protect workmen and other during the erection of buildings in Philadelphia."

The bill provides inter alia "That the contractor of all bidings hereafter erected in the City of Philadelphia shall her the joists or girders of each floor or story covered with regh scaffold boards or other suitable material, as the building progresses, so as to sufficiently protect the workmen either frafiling through such joists or girders, or to protect the wikmen or others who may be under or below each floor from faing bricks, tools, mortar, or other substances, whereby addents happen, injuries occur, and life and limb are endagered."

Section 2 provides, in case of violation of the ordinance, the inosition of a penalty.

n reply, I have to say that I do not think this ordinance wild be in the nature of a police regulation such as Councils he power to pass. In other words, it is not a question acting the City as a corporation, but is in the nature of a gieral law.

In the case of Baldwin vs. City, 3d Outerb., 164, the Spreme Court held that "a municipal ordinance is not a law whin the meaning of Article 3, Section 13, of the Constitution of Pennsylvania; that the word "law" has a fixed and dinite meaning. In its general sense it imports a rule of aion; in the particular sense in which we are now considering it, it means a rule of civil conduct, prescribed by the superme power in the State, commanding what is right, and probiting what is wrong. A law is an emanation from the spreme power, and cannot originate elsewhere. It is a rule wich every citizen of the State is bound to obey."

I think, therefore, that while the Legislature of the State my have power to pass such a law, authority is not vested in ts Municipality to legislate upon such a question.

Yours, very truly,

CHAS. F. WARWICK,

City Solicitor.

#### RESOLUTION

Of request to the General Assembly of this Commonwealth to pass an Act to protect workmen and others during the erection of buildings in the City of Philadelphia.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the General Assembly of this Common wealth be, and they are, hereby earnestly requested to pass at Act to protect workmen and others during the erection of buildings in the City of Philadelphia.

#### APPENDIX No. 232.

MAYOR'S OFFICE.

Philadelphia, January 9, 1889.

To the Select and Common Councils of the City of Philadelphia.

GENTLEMEN: —I have the honor to herewith return without my approval an ordinance entitled "An Ordinance to amene an Ordinance entitled 'An Ordinance to authorize the grading of Movamensing avenue and Pechin street,' and an ordinance entitled "An Ordinance to authorize the grading of Green, way avenue, Eighty-sixth, Eighty-seventh, Eighty-eighth Eighty-ninth, Ninetieth, Tioga, Twenty-third and Twenty fourth streets." This ordinance now affects three contract now in force for the grading of streets in various parts of the city. The first is the contract for the grading of Moyamen sing avenue, executed on the third day of November, 1888 the work to be done for the sum of six hundred (600) dol' There is no request from any one known to me for the increase in the amount to be paid for the work, and I know of no reason why it should be arbitrarily increased from six hundred (600) dollars to eight hundred and fifty (850) dol The second refers to a contract for the grading of Eighty-sixth and other streets; the contract requiring then to be graded to the grade now established by law. is no such grade and as the contract specifies that the worl shall be done at the rate of sixteen (16) cents per cubic yard limiting the amount to be expended to five hundred and sev enty-five (575) dollars, this work will be done according to the lines to be given by the District Surveyor and the streets wil be graded to the extent of the appropriation. The third is a contract for grading Twenty-third street from Tioga street to

Tango street; a part of this street, namely from Wissaicon avenue to Venango street, is not a public highway. The work upon the said street is completed and settlement is o made under the contract for this part of the work done, panent to be made in the proportion that the work comoled bears to the whole work originally contracted for.

a view of these facts I deem it inadvisable and unnecessary

opprove this ordinance.

I am respectfully,

EDWIN H. FITLER,

Mayor.

IR:—I have the honor to acknowledge the receipt of a cy of the resolution passed by the Select and Common Cincils of the City of Philadelphia on the 27th of December, 148, requesting me to have the improvements contemplated atthe League Island Navy Yard by the Act of Congress, proved September 7, 1888, immediately entered on.

n reply I have to inform you that on the 24th of Septemb, 1888, I appointed a Board to select a site for the proposed tiber dry dock, and at the same time to take into consideratil in connection therewith the buildings now erected in the yd, with a view of concentrating the general work of the yd in case further improvements should be authorized by Oppress in the future. On the 27th of the same month, tlee days after the Board was appointed, they reported that tly had selected, as the most available site for the dry dock, th block east of the foot of Broad street, but failed to report a eneral plan for the improvements contemplated. pt was not approved of.

On the 21st of November another Board was appointed for th same purpose as above stated. This latter Board reported on the 21st of December, 1888, a general plan for the iprovements contemplated at that yard and selected a site if the timber dry dock that should be advantageous in the futtin concentrating the general work of the yard should furth improvements be authorized by Congress. The report of the Board, so far as it related to the location of the dry dock, at the expenditure of the \$75,000 appropriated at the last so sion of Congress, was approved by me on the 2d of Januar 1889, and the Department has advertised for proposals for timber dry dock, and bids will be opened at the Navy Department for the construction of the same on the 1st of Februal next. It also gives me pleasure to inform you that plans a now being completed with a view of erecting a protective sea wall which will absorb the \$75,000 appropriated for in provements at the yard.

Very respectfully,

W. C. WHITNEY,
Secretary of the Navy.

Philadelphia, January 8, 1889

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys and Relations, to whom was referred the accompanying ordinance revise the lines and grades on plans 163 and 285, in e Twenty-eighth Ward, beg leave to report that plan No. 3 and plan No. 285, adjoining, embrace the territory bound by Nicetown lane, Township Line road, Mill street, and e Schuylkill river. With the exception of a few streets in evicinity of Falls of Schuylkill and the Norristown railed and the old Indian Queen lane, the territory is nearly leaved that the land, where the streets laid down on the panever have been opened.

It the northern limit a number of owners have endeavored several years to get Coulter street, from Germantown one to Ridge avenue, opened, without success, because some fhem thought it would cut their property disadvantageously. It is outlet from Germantown to the Park, passing under the aroad by much easier-grades than by any other street, is ach needed. By starting from Penn street at Wissahickon much, and making a slight change in the line, the property wers have agreed among themselves to open and dedicated street eighty feet wide for more than a mile down the acy in a location which will be the best for the driving the best and valuable buildings and other improvements will on be made throughout the section.

From Indian Queen lane to Nicetown lane the new Chest-Hill Railroad has been built along another valley, through sich an avenue of easy grade for driving and for drainage poses should also pass, and a deviation of the lines of some the unopened streets to conform more closely to the topogly will be of great public advantage, and will contribute the development, which is now held back by the uncertainty. The territory affected is principally farm land with unopened eets, we recommend the passage of the ordinance covering ground described in this report.

#### MAYOR'S OFFICE.

Philadelphia, January 24, 1889.

To be Select and Common Councils of the City of Philadelphia.

ENTLEMEN:—I have the honor to herewith transmit for consideration a communication from Louis Wagner, Dictor of the Department of Public Works, concerning the and in several cases, dangerous condition of many of the sewers, and requesting that in the distribution of surph, if any, of the past year, an appropriation of fifty thousal (50,000) dollars be made to the item of repairs to main seers.

I am. respectfully,

#### EDWIN H. FITLER,

Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, January 21, 1889.

Hy. Edwin H. Fitler,

Mayor of the City of Philadelphia.

DEAR SIR:—An inspection of our main sewers shows that may are in bad, and several of them in a very dangerous condition. In many places the bottom is washed out entirely, the sis have spread, the crown has sunk, and both the sides and the crown are broken. They seem to stand up simply from the of habit and are liable to break badly at any time.

This is specially the case with the Cohocksink sewer, which, in addition to original bad construction, is suffering from being ortaxed by the largely increased drainage put into it during the past few years.

During the past year this sewer has broken badly in three offour different places, and it is likely to do so in a dozen places at any time. The cost of repairing these breaks is

largely in excess of the cost of repairs before the breaks occannot because of this, and also because of the continued present of great danger to life and property, I have the honor to quest that you will ask Councils to appropriate the sumfifty thousand (50,000) dollars in the distribution of the supplies, if any, of the past year, to the item of repairs to make sewers.

Early and favorable action in this matter will save a gre deal of money to the city.

Yours, truly,

LOUIS WAGNER,

Director.

MAYOR'S OFFICE.

Philadelphia, January 24, 1889.

Tobe Select and Common Councils
of the City of Philadelphia.

ENTLEMEN:-It becomes my duty to submit to your Horable Bodies the urgent necessity for prompt action to reedy the condition of the Philadelphia Hospital at Blockley. the President and Directors of the Department of Charitide and Correction, and the medical staff of the Hospital, edfirm in emphatic language the statements which from time tome for several years past have been made by grand juries. embodied in petitions to your Honorable Bodies, from lage numbers of prominent citizens, and especially from mnbers of the medical profession, as to the overcrowded edition of the Hospital, and the necessity for increased acommodations for the sick and injured. The needs of the Hispital have already compelled the occupancy, for hospital p poses, of various portions of the building set aside for the ul of the indigent poor. These buildings are consequently gady overcrowded, so that both the Hospital proper and th Almshouse are filled far beyond their safe and healthful clacity.

The present buildings, readily accessible by ambulance public or private conveyance, are advantageously located, an will for many years to come, admirably meet the requirement of a general Municipal Hospital. The best means of relief # the Hospital is in the removal of the pauper element to anothe locality, and the devotion of the place now occupied by it is the present buildings to the proper accommodation of the sic and the injured. A plot of about fourteen acres of grour connected with the House of Correction property, yet sept rated from the buildings of that institution, offers without expense of purchase, a most desirable locality, and a sum of money now in the treasury, upwards of one hundred and fift thousand (150,000) dollars, set aside for the purpose of erect ing a new Almshouse, opens a way to accomplish this mos important work. I respectfully urge prompt and decide action on your part by the passage of the necessary ordinance to carry into effect this much needed improvement, and beg to assure you of my cordial co-operation with you.

I am. respectfully,

EDWIN H. FITLER,

Mayor.

Gentlemen:—We, your Committee on Surveys, to whom as referred the accompanying ordinance to repeal the proviso an ordinance to revise the grades of Mt. Airy avenue, Boyer and other streets, in the Twenty-second Ward, beg leave to port that the ordinance is accompanied by a numerously gned petition setting forth the advantages of a revision, and appressing a willingness to waive all claims for damages.

It appears to your Committee that to retain the proviso ould defeat the remedial measure proposed by the ordinance, rat least make it dependent upon the pleasure of an individual, nd so general a disposition is shown to waive all claims that he cost, if any, will be inconsiderable.

Your Committee therefore submit an amendatory ordinance, nd recommend its passage.

re change of grade of Centre street from Wilson street or Magnolia avenue to Chestnut Hill R. R., Twenty-second Ward.

HOMAS MEEHAN, Esq.,

Common Councilman, Twenty-second Ward.

DEAR SIR:—Some time about June, 1887, the City comenced to grade Centre street from Wilson street or Magnolia venue to the Chestnut Hill Railroad. The grading of the reet required a very deep cut in some portions for the purbse of getting under the railroad. The owners and tenants omplained about the condition in which the street was placed y this grading, and a resolution of Councils was passed which opped the work. Since then an ordinance has been introuced to again fill up the street to its natural position. roperty owners, however, filed a petition for a jury to assess amages, and damages in a very large amount were awarded pem. From these awards the City took an appeal. Eleven of he cases on the appeal have been tried, and the sum of about 6,975 has been awarded by a jury under the claims in the ourt of Common Pleas No. 4, the said amount of \$6,975 beng a reduction of \$4,500 from the award of the road jury. there are two or three more small claims still to be tried.

Would it not be advisable for the City to proceed and comlete the grading, and thus avoid the dangerous condition of ae street? The City, having paid the property owners the amages should not fill up the street.

---

Yours, very truly,

CHAS. F. WARWICK,

City Solicitor.

#### RESOLUTION.

Of request to the Director of the Department of Public Works relative to the grading of Centre street, in the Twenty-second Ward.

WHEREAS, Councils by Joint Resolution, passed November 17, 1887, requested the Director of Public Works to discontinue the grading of Centre street, from Wilson street to the Reading Railroad, in the Twenty-second Ward, until action could be taken by these Councils on the proposed change of grade.

AND WHEREAS, the property owners on the line of said street, disregarding the measures Councils had initiated for their relief, preferred to apply to the Courts for the damages incident to the existing grade, and have been awarded the damages.

Resolved by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be now requested to complete the work according to the original ordinance, and to put the street into the condition that the said ordinance required.

# Receipts.

The receipts from Departments and items for 1888, as comed with those of 1887, show an increase of \$2,087,934.80.

The revenue of 1888 was largely derived from a tax rate of \$1.85 on a property valuation of \$647,213,039. The reipts from the Bureaus of Gas and Water, and from liquor liess, also added greatly to the revenue.

The tax levy of 1888 was \$11,515,694.57; of this, \$1,021,730.66 was collected, leaving a balance to register (ducting the discount allowed) of \$495,406.12, or about  $4\frac{3}{10}$ p cent. of the tax levy uncollected.

The tax levy of 1887 was \$11,184,237.96; of this \$10,-6,753.82 was collected, leaving a balance to register (deduting the discount allowed) of \$585,889.10, or about  $5\frac{1}{2}$  per cet. of the tax levy uncollected.

During the year 1888 the tax payers were allowed \$53,867.37 in discounts; the City received back in penalties \$55,309.58.

There was an increase in the amount of delinquent tax collected in 1888 over 1887 of \$9,782.94.

Of these taxes there was collected in 1882, \$981,725.96; in 1883, \$747,143.50; in 1884, \$651,948.03; in 1885, \$732,821.94; in 1886, \$736,431.34; in 1887, \$729,152.44; in 1888, \$738,935.38.

The estimated deficit in the statement sent from this Department to Councils on the first of last September, of \$167,-217, has happily been so far reduced as to amount to only \$19,172.70. There are so many contingencies governing the receipts and expenditures of the public money, that it is exceedingly difficult, with all the facts and figures on hand on the first of August of each year, to approximate very closely the exact condition of affairs financially at the end of the remaining five months of the year. In making my estimates to Councils on the first of September, I have heretofore endeavored to give the least amount of receipts and the greates amount of expenses, so as to make the exhibit on the safe side

To illustrate, the following comparison will be interesting

Estimate.	Deficiency.	Surplus,	Actual at end of year.	Difference.
September 1, 1885	504,001 58		281,972 44	122,029 14
September 1, 1886 September 1, 1887	328,024 93	542,032 08	98,261 28 265,137 34	443,770 80 593,162 27
September 1, 1888	167,217 00		19,172 70	148,044 30

Each year showing more on hand at the end of the year than estimated, except December 31, 1886, which is accounted for by large sums having been paid for land damages during the last five months of 1886, a matter totally outside of arpossible foreseen estimate.

#### Disbursements.

In 1888, the disbursements were \$2,072,966.61 more than the disbursements of 1887.

During the year 1888, \$795,244.32 of the warrants of previous years were paid.

For Departments, including the Public Buildings, there was paid \$13,761,583 32. If to this be added \$796,839.68, warrants countersigned during 1888 for the Departments and yet outstanding, the total cost of the Departments, including Public Buildings, for the year 1888 will be \$14,558,423.00, an increase over 1887 of \$2,085,852.91.

The cost of Departments, exclusive of Public Buildings, was \$13,943,221.08.

The amount paid for judgments, executions, etc., in 1888, was \$252,547.50.

The following statement exhibits the appropriations to the Departments in 1888, including the balances carried into the books of 1888, from the books of 1887:

Appropriated.	Countersigned.	Merging.	Not merging.
\$17,194,944 24	\$15,340,718 50	\$498,366 17	\$1,355,859 57

The estimated receipts for the year 1888, as computed upon the average of the five preceding years, was, as per statement of the Controller presented to Councils September 1, 1887, \$15,243,414.78, to which should be added the estimated receipts from the Bureau of Gas during 1888, not included in

t statement, \$4,000,000.00, making a total approximated reipts of \$19,243,414,78.

The actual receipts were \$19,672,190.54, an excess of \$28,775.76, which is largely due to the receipts from tavern lienses, not taken into account in the statement.

The average annual amount of taxes collected within the yer, based upon the collections of the five years preceding 138, and computed upon the proportion of a \$1.85 tax rate. we as set forth in the same statement, \$10,894,559.90.

The amount actually collected in 1888 was \$11,760,666.04. vich exceeds the statement, \$866,106.14.

The revenue other than taxes, was \$7,911,524.50.

The average for the past five years, as shown by statement, vs \$4,348,854.88, showing an increase of \$3,562,769.62.

But it must be remembered that the income from gas (3,750,569.89), and tavern licenses (\$534,464.00), did not ever into the averages as computed in the statement. Dedeting this sum, \$4,285,033.89, from the total increase. \$428,875.76, it leaves net increase over estimate of \$143.-\$1.87.

# Outstanding Warrants.

The outstanding warrants remaining unpaid are of the follying years:

1883	\$1,424 36
1884	913 00
1885	
1886	2,801 93
1887	6,878 29
1888	781,773 20
773	

At the close of each year there are a large number of warrants signed that do not reach the Treasury until the early part of the new year; hence, for that year, the outstanding warrants make up the bulk of the entire amount unpaid.

The number of warrants countersigned during the year 1888 was 97,942.

As stated, there has been a decrease in the total debt of the city since January 1, 1888, of \$835,278.37.

The funded debt of the city has been reduced \$821,300; the difference between the entire debt and the funded debt being in the large amount of outstanding warrants of 1888.

The decrease in the total indebtedness for the years 1884 1885, 1886, 1887 and 1888 has aggregated \$9,112,011.90.

During the past year the accounts of each one of the City and County Departments have been completely audited by this Department for 1887, and, in addition, the accounts of each of the Magistrates, the County Commissioners, and City Treasurer (including five days of 1889), Register of Wills (including five days of 1889), Sheriff, and Bureau of Highways, have been audited for the whole year of 1888. The four auditors appointed, under the ordinance of Councils, for the audit of the accounts of the Trustees of the Philadelphia Gas Works, from January 1, 1882, to April 1, 1887, have completed their work, and in December last a report of the audit was made to Councils: and the amount found by the Auditors to be in the hands of the Trustees has since been paid into the City Treasury.

By ordinance of Councils approved July 2, 1888, a clerk was provided this department for the purpose of examining and revising the Delinquent Tax Registers, to ascertain the exact amount of such delinquent taxes as are collectible.

This work was immediately commenced, and at the end of the year all the liens in twenty-four wards of the city, between the years 1869 and 1875, had been examined. In the annual appropriation to this department for the present year, an additional clerk for the work has been provided, and it is being satisfactorily advanced. I will hereafter present to Councils a statement of the claims for uncollectible taxes, which should be stricken from the registers of this department for such action as Councils may deem proper to take in the matter.

The deficiency of \$167,217 estimated in the statement senfrom this department to Councils on September 1, 1888, is shown to have been reduced to \$19,172.70, a reduction o \$148,044.30

The Councils by ordinances have freely provided that unexpended amounts heretofore appropriated to the department and bureaus shall not be merged in the general fund at the end of the year 1888. The amount of such appropriations no

rging for the past year is unusually large, and reaches the n of \$1,355,859.57; and of this amount the sum of \$482,-4.44 was not under contract, and but for the ordinances ecting that these amounts should not merge, the financial ults of the year would have shown a surplus of \$463,021.74, tead of the present deficiency of \$19,172.70. There should t have been a deficiency, therefore, but a surplus, as shown.

# APPENDIX No. 266.

Philadelphia, February 7, 1889.

o the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report that they have considered "An Ordinance to authorize the Director of the Department of Public Works to draw, and the City Controller to countersign, warrants to pay the Vul-

canite Paving Company, B. M. Shanley, Shanley & Mack, and John M. Mack for paving certain streets," and report the same back with certain provisos and recommend its passage.

Edward A. Anderson, Geo. B. Edwards, Wencel Hartman, Alex. Reinstine, Charles E. Webster, Thos. M. Hammett, Thos. Green, John H. Graham, Edwin S. Stuart, Thos. J. Rose, Edw. W. Patton, James A. Freeman, Theodore M. Etting, E. P. Smithers, Chas. K. Smith, D. T. Jenks.

## AN ORDINANCE

To authorize the Director of the Department of Public Works to draw, and the City Controller to countersign, warrants to pay the Vulcanite Paving Company, B. M. Shanley, Shanley & Mack, and John M. Mack, for paving certain streets.

Whereas, in repaying Diamond street, west from Front street, Baltimore avenue, from Forty-second street westward, and Mount Vernon street, from Twenty-second street westward, it became necessary, in order to make the proper finish of the same to a crossing street, to do the work in excess of the appropriation first made therefor to the amount of one thousand and sixty-four (1,064) dollars and forty-nine (49) cents on Diamond street, two thousand four hundred and thirty-one (2,431) dollars on Baltimore avenue, and four hundred and twelve (412) dollars on Monnt Vernon street.

And Whereas, doubts have been expressed as to whether the ordinances passed for the paving of the market plots on Girard avenue, from Morton to Broad streets, pursuant to which a contract has been entered into and the work done, are sufficient to authorize payment to be made for paving the intersections on Girard avenue between said streets.

AND WHEREAS, by the ordinance providing for the paving of Forty-second street, from Haverford avenue to Market street, a sufficient sum was appropriated for the paving of the intersections and in front of the properties of the Pennsylvania Hospital for the Insane and the Friends Meeting House as non-assessable property, pursuant to which a contract was entered into and the work done, and doubts have been expressed as to whether the said properties of the Pennsylvania

Hospital for the Insane and the Friends Meeting House, fronting on said Forty-second street, which, in contemplation of said ordinances, were to be paid for by the City, are assessable or non-assessable; now, therefore,

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the Director of the Department of Public Works be, and he is, hereby authorized and directed to draw, and the City Controller to countersign, a warrant in favor of the Vulcanite Paving Company for one thousand and sixty-four (1,064) dollars and forty-nine (49) cents for work done in repaying Diamond street, between Front and Second streets, with sheet asphaltum; also a warrant in favor of B. M. Shanley for two thousand four hundred and thirty-one (2,431) dollars to pay for work done in repaying Baltimore avenue, from Forty-second street westward, with granite blocks, both of said amounts to be taken from Item 24 for repaying streets with improved pavements in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1889; also a warrant in favor of Shanley & Mack for the sum of twenty-five thousand nine hundred and sixty-one (25,961) dollars and twenty-eight (28) cents to pay for paying the intersections on Girard avenue, from Morton to Broad streets, and also one (1) warrant in favor of John M. Mack for six thousand and twenty-six (6,026) dollars and fifteen (15) cents to pay for paying the intersections and in front of the properties of the Pennsylvania Hospital for the Insane, and Richard Richardson, et al (Friends Meeting House), on both sides of Forty-second street, between Haverford avenue and Market street, the same to be taken from Item 2 for paving intersections and unassessable property in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1889; Provided, That in each of said cases the Director of the Department of Public Works and the City Controller shall find that the work for payment of which said warrants are drawn has been performed according to the contract therefor; And provided further, That the Director of the Department of Public Works shall, after payment shall have been made for the paying of the said intersections on Girard avenue, make a statement of the cost of each of said intersections not formerly covered by the market plots and transmit the same to the City Solicitor,

who is hereby authorized and directed to collect the costs thereof from the respective street railway companies whose tracks occupy the same.

SECT. 2. That the price of said paving of said Forty-second street, in front of said properties of the Pennsylvania Hospital for the Insane, and Richard Richardson, et al, on both sides of Forty-second street, be assessed against said property, and liens be filed and prosecuted therefor in the name of the city, to the end that said cost may be collected for the use of the city.

# APPENDIX No. 267.

Philadelphia, February 7, 1889.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report that they have considered "An Ordinance to make an appropriation to pay for the paving of Market street, in front of property exempt because rural," and report the same back, and recommend its passage.

Chas. F Iseminger (for report), Chas. Roberts (for report only), Wencel Hartman (for report only), Thos. J. Rose (for report only), Alex. Reinstine (for report only), Edward A Anderson (for report only), Geo. B. Edwards, Charles E. Webster. Thos. M. Hammett, Thos. Green, John H. Graham, Edwin S. Stuart, Edw. W. Patton, D. T. Jenks, James A. Freeman. Theodore M. Etting, E. P. Smithers, Chas. K. Smith (for report).

# AN ORDINANCE

To make an appropriation to Item 32, in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1889, to pay for the paving of Market street, in front of property exempt because rural.

WHEREAS, The City of Philadelphia, on November 26, 1872, entered into a contract with William W. Dickinson, for the paving and curbing of Market street, from Forty-third

street to the eastern end of the bridge over Cobbs creek, at Sixty-third street, in accordance with the provisions of an Act approved April 5, 1870.

AND WHEREAS, All of said work has been done in accordance with said contract, and that in accordance with the judgment of the Supreme Court there was done in value as of September 1, 1875, the sum of forty thousand six hundred and ninety-five 40,695) dollars and thirty-nine (39) cents, in front of property exempt because rural.

AND WHEREAS, Said paving accrues to the benefit of the city, and by it should be in good conscience and equity paid or; therefore

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the sum of forty thousand ix hundred and ninety-five (40,695) dollars and thirty-nine 39) cents, the principal sum mentioned in the preamble, be, and the same is, hereby appropriated to new item to be called tem 32, in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1889, to ay to the estate of William W. Dickinson, deceased, in full, or the claims for paving as hereinbefore recited: Provided, That said payment shall not deprive the city of any rights which it may have against the property owners.

# APPENDIX No. 283.

Philadelphia, February 5, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys, to whom was referred the accompanying ordinances for the construction of main sewers, beg leave to report that the present appropriations, together with the balances available have been distributed in such way, that the most urgent work may be put under construction at the earliest date. We have incorporated in an ordinance the sewers so selected, all of them being ex-

ensions of main lines now partly constructed. And we recommend your speedy and favorable action thereon.

Your Committee, during the inspection, observed the immeliate necessities of many other locations, and are of the opinion that at least \$218,000 should be appropriated out of the surplus of last year for the construction of main sewers, to meet the pressing demands for the health, convenience, and general comfort of the public, and to allow of projected plans for improvements being consummated, which we are satisfied as a financial investment only, will bring a satisfactory return in increased values and revenue. An ordinance embracing the sewers mentioned in the beginning of this report, setting forth the location and the amounts to be thus appropriated is submitted herewith, and we ask its immediate passage. We also submit another ordinance embracing the sewers referred to in the latter part of the report, and ask its reference to the Committee on Finance.

Thomas L. Hicks (Ch'n), W. McCoach, Chas. F. Iseminger, D. C. Cleaver, Thos. Wagner, Jr., U. C. Smith, Isaac D. Hetzell, W. H. James, O. M. Willson, Wm. P. Becker, John B. Dallas, Theodore M. Etting, Frank Schanz. Wm. Moffet, A. A. Ardis, W. Thornton.

# Philadelphia, February 5, 1889.

Your Committee, to whom was referred the distribution of appropriations available for main sewers report, that the present appropriations, together with the balances from last year amount to \$106,000; that they visited the localities where main sewers have been asked for, and to allow of the present amount available being distributed, and the work constructed at the earliest date, the plans for which are now ready for advertising, we have selected the following as the most important, all of them being extensions of main lines of sewers now partly constructed:

Wissahickon Valley	\$15,000
Monoshone Branch	8,000
Bridge street, Bridesburg	8,000
Reed street	16,000

Twenty-fourth street north of Clarence street	18,000
Allegheny avenue west from east of Nineteenth st	11,500
Northwest of Indiana and Rosehill streets	20,000
Bainbridge street outlet, Schuylkill river	5,000
	3101,500

and recommend that an ordinance be reported favorably to Councils authorizing their construction.

Your Committee, during the inspection, observed the immediate necessities of many other locations, and are of the opinion that at least \$200,000 should be appropriated out of the surplus of last year for the construction of main sewers to meet the pressing demands for the health, convenience, and general comfort of the public, and to allow of projected plans for improvements being consummated, which we are satisfied as a financial investment only will bring a satisfactory return in increased values and revenue.

We recommend the following as urgent:

Wingohocking below Penn street	\$20,000
Wingohocking on Courtland street	23,000
Apsley and Pulaski streets	30,000
Mill creek, Market to Haverford	60,000
Woodpecker lane and Indiana street	20,000
Connections at Falls Village	10,000
Mifflin street stormwater	10,000
Thirtieth street, Jefferson to Columbia avenue	15,000
Fifth and Clearfield streets	15,000
Clearfield street, Sixth to Ninth	15,000
	\$918 000

### APPENDIX No. 289.

#### MAYOR'S OFFICE.

Philadelphia, February 21, 1889.

the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for our consideration a communication from William S. Stokley, irector of the Department of Public Safety, forwarding a ommunication from the Board of Health, requesting a certain ansfer in annual appropriation.

I am respectfully,

EDWIN H. FITLER,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, February 21, 1889.

Hon. EDWIN H. FITLER,

Mayor of the City of Philadelphia.

DEAR SIR:—I enclose a communication from the Board of Health, relative to a certain transfer in the item of appropriation, with a request that the same be transmitted to Councils.

Yours respectfully,

W. S. STOKLEY,

Director.

### HEALTH OFFICE.

Philadelphia, February 18, 1889.

HON. WILLIAM S. STOKLEY,

Director of Public Safety.

SIR:—I am directed by the Board of Health to transmit to you the following copy of report and resolution passed this date, and request their transmission to Councils.

Respectfully yours, etc.,

WM. P. TROTH, Chief Clerk.

Philadelphia, February 18, 1888.

The President and Members, Board of Health.

Gentlemen:—Your Committee beg leave to call your attention to the present overcrowded condition of the Registration Office; the records of over thirty years are now stored in the building, and at this time there is no available space for storage for the records of the present year.

In view of this your committee would recommend that a room  $18 \times 8\frac{1}{2}$  feet be built over the fire proof addition to said office; such a room 8 feet high would give ample wall and floor space for the present. The entire expense of said addition would be within the sum of two hundred and fifty (250) dollars.

Your Committee would therefore offer the following resolution:

Resolved, That the Councils of the City of Philadelphia be asked to transfer from Item 6 of an appropriation to the Board of Health, 1889, for the removal of nuisances, the sum of two hundred and fifty (250) dollars, for the erection of a second-story to the fire proof room of the Registration Office.

H. R. KNEASS,

A. A. HIRST,

Registration Committee.

## APPENDIX No. 290.

Philadelphia, February 12, 1889.

HON. WILLIAM M. SMITH,

President of Common Council of Philadelphia.

DEAR SIR:—Referring to a conversation I had with you some time ago in regard to parks or public squares in the city, I now take pleasure in tendering, through you, to the City of Philadelphia, a square of ground, situate between Thirty-third and Thirty-fourth streets, and Avenues Forty-one and Forty-two south, in the Twenty-sixth Ward. Said square to be forever kept open for the benefit of the public.

Yours truly,

E. C. KNIGHT.

### APPENDIX No. 299.

Philadelphia, February 12, 1889.

To the Select and Common Councils
of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys, to whom was referred the accompanying "Ordinance to revise the lines and grades at Thirty-fourth street and the Pennsylvania Railcoad, in the Twenty-fourth Ward, and also to creet a bridge at that point," beg leave to report the present route of travel to and from Fairmount Park and all parts of the city is by way of Thirty-fifth street. The steepness of the grade on this street and the gradual widening of the railway tracks have so contracted the head-room under the bridge as to present a dangerous and forbidding appearance, and from this and other causes the street is but little used, and is maintained at a needless cost both to our community and the Railroad Company.

The co-operation of the two interested parties in revising the lines and carrying Thirty-fourth street over the railway will lead to a marked improvement, and incidentally be of much value to this section of the city.

We submit ordinances to revise the lines and grades, and appropriate \$40,000, the City's contribution towards the bridge, and recommend their passage.

Thomas L. Hicks (Ch'n), D. C. Cleaver, Thos. Wagner, Jr., W. H. James, A. E. Jones, Jos. H. Brown, A. A. Ardis, Theodore M. Etting, W. Thornton, Wm. P. Becker, John B. Dallas, James Kenton, James Hagan, Frank Schanz, Isaac D. Hetzell.

#### AN ORDINANCE

### APPENDIX No. 308.

#### MAYOR'S OFFICE

Philadelphia, February 28, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication, which has my approval, from William S. Stokley, Director of the Department of Public Safety, forwarding copy of resolution of the Board of Health concerning an uncovered gully east from Penn street, in the line of the Wingohocking creek.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, February 28, 1889.

HON. EDWIN H. FITLER,

Mayor of the City of Philadelpia.

DEAR SIR:—I enclose a communication from the Board of Health relative to the uncovered gully east from Penn street, in the line of the Wingohocking creek, being the depository for all the sewerage drainage of Germantown, with a request that the same be transmitted to Councils.

I am, respectfully,

WILLIAM S. STOKLEY,

Director.

# Philadelphia, February 26, 1889.

ION. WM. S. STOKLEY,

Director of Public Safety.

SIR:—I am directed by the Board of Health to transmit o you the following copy of reports and resolution passed this late, and request their transmission to Councils.

Respectfully yours, &c.,

# WILLIAM P. TROTH, Chief Clerk.

Resolved, That the uncovered gully east from Penn street, n the line of the Wingohocking creek, being the depository of all the sewerage drainage of Germantown, is, in its present condition, a nuisance prejudicial to public health, and that City Councils be, and are, hereby earnestly requested to take early measures to abate this serious nuisance, by constructing proper sewerage facilities to remove this accumulated filth, as far as possible from this densely populated section.

The above is a copy of a resolution of the board, passed February 21, 1888, and readopted upon above date.

# Philadelphia, February 26, 1889.

A. A. Hirst, Esq.,

Secretary Board of Health.

SIR:—I have the honor to herewith submit a report on the Wingohocking sewer made a year ago.

As there has been no change since then, the ground is wholly covered. A resolution to Councils followed the presentation of this report, as also one of similar import on the 27th of June, 1888.

Respectfully submitted,

J. HOWARD TAYLOR,

Medical Inspector.

# Philadelphia, February 21, 1889.

A. A. Hirst, Esq.,

Secretary Board of Health.

SIR:—I have the honor to report that I have inspected the sewage system of Germantown, and submit herewith tracings of its distribution kindly furnished by the Survey Department.

The red lines indicate the sewers, and it will be seen that there is but one outlet for the entire system, which covers an area of 1.500 acres. They all empty into the Wingohocking creek, at Penn street, from which point there is no constructed sewer in all the windings of this creek to the Delaware.

The filth that is collected from this large district, including the Germantown Hospital, is discharged into the open stream below Penn street, from whence it flows sluggishly for about three squares, owing to the tortuous windings of the creek and other obstructions due chiefly to a higher level in the bed of the stream at Wister Station, a short distance below Penn street.

This makes a partial basin between these two points, into which the more solid portions of the filth would settle, developing a permanent nuisance, offensive and pernicious to the neighborhood.

This condition would be occasionally ameliorated by rain storms and freshets, which would partially wash out the accumulations. But during the dry and hot summer months the nuisance would become intolerable. If the sewers now terminating at Penn street were continued three or four squares in the line of Belfield avenue, it would remove the outlet that much further from the built-up portion and remove the present filth basin.

A comprehensive system of sewers is in contemplation, which will include the whole section of country eastward to the Delaware. It will be many years before that is all accomplished: in the meantime it is important, as a matter of public health, that ascertained causes of disease should be removed as speedily as possible. If this sewer should be extended beyond Wistar street during the present year, the outlet

vould be left in a much less populous district, and without he objectionable character of the stream beyond, which now exists with the outlet at Penn street.

Respectfully submitted,

J. HOWARD TAYLOR,

Medical Inspector.

### APPENDIX No. 309.

MAYOR'S OFFICE.

Philadelphia, February 27, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication, which has my heartiest approval, from Dr James W. White, President of the Department of Charities and Correction, requesting a certain transfer in the annual appropriation to that Department.

I am, respectfully,

EDWIN H. FITLER.

Mayor.

DEPARTMENT OF CHARITIES AND CORRECTION.

Philadelphia, February 21, 1889.

HON. EDWIN H. FITLER,

Mayor of the City of Philadelphia.

DEAR SIR:—In view of the probability of the early removal of the Almshouse population from its present location, and the opportunity which will then be afforded for the utilization of existing buildings, it is not deemed wise at present to erect the building provided for in the appropriation by Councils—Item 53, of \$5,000—for the erection of workshops for the insane.

We desire that this sum, therefore, be transferred to an item which had been favorably passed upon by the Finance Committee, but through inadvertence, as we are informed, was not presented to Councils and was suffered to lapse.

This item, numbered 56 in the printed schedule, was for \$7,500, for "grading, paving, and general repairing of roads and grounds."

Permit me to say that the present condition of the roads makes it very desirable that immediate action be taken, and I respectfully urge that you will lay the matter promptly before Councils.

Very respectfully,

J. W. WHITE,

President.

#### APPENDIX No. 312.

Philadelphia, February 28, 1889.

o the Presidents and Members of Select and Common Councils of the City of Philadelphia.

Gentlemen:—The Committee on Finance respectfully reort that they have considered an ordinance making certain xemptions from the provisions of the amendatory ordinance f September 18, 1888, relating to the construction of vaults, and report the same back, and recommend its passage.

Thomas M. Thompson (Ch'n), Thomas J. Rose, James A. Freeman, Wencel Hartman, Alex. Reinstine, J. Raymond Claghorn, Chas. Roberts, E. P. Smithers, Geo. B. Edwards, Edward A. Anderson, Chas. E. Webster, Chas. K. Smith, John H. Graham, George W. Scherr.

### AN ORDINANCE

Making certain exemptions from the provisions of the amendatory ordinance of September 18, 1888, relating to the construction of vaults.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the ordinance approved September 18, 1888, entitled "An Ordinance to amend an ordinance entitled 'An Ordinance to regulate the construction of vaults under the streets, and to provide for the enforcement of useful regulations during the time of such construction," approved November 12, 1855, shall not apply to, or be enforced against, any person or persons who had, prior to its passage, received permission from the Board of Highway Supervisors to construct vaults under sidewalks, but in lieu thereof, the person or persons so referred to shall be only required to pay the charges per foot, as required by the ordinance of November 12, 1855, as above referred to.

### APPENDIX No. 313.

Philadelphia, February 28, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—The Committee on Finance respectfully report that they have considered a communication from John Baizley, requesting the payment of bill for extra work done during the years 1885 and 1886 on the Police tug-boat "W. S. Stokley," and for the reasons contained in the report of the Sub-Committee, which is hereto appended, submit the annexed "Ordinance to make an appropriation to pay the same," and recommend its passage.

Thomas M. Thompson (Ch'n), Thomas J. Rose, James A. Freeman, Wencel Hartman, Alex. Reinstine, Chas. Roberts (for report), J. Raymond Claghorn (for report), E. P. Smithers, Geo. B. Edwards, Edward A. Anderson, Charles E. Webster, Chas. K. Smith, John H. Graham, George W. Scherr.

# Philadelphia, February 4, 1889.

To the Chairman and Members of the Committee on Finance.

Gentlemen:—Your Sub-Committee on the bill of John Baizley for extra work done during the years 1885–86 on the Police tug-boat "W.S. Stokley," amounting in the aggregate to \$2,566.33, respectfully report that they had before them Hon. Wm. B. Smith, who was Mayor at the time said work was authorized by the department. He is of the opinion that the bill is a just one, and that it should be paid, and would have been paid during the years named had not the appropriation been exhausted.

Ex-Chief of Police Stewart thought the bill both just and fair.

Engineer Willson, under whose directions the work was done, stated to your Committee that the price charged was fair, and that the bill was a just and honest one. We would be unfaithful to our trust did we not condemn ich violations of the law as awarding contracts and giving ut work without any available appropriation to pay for the ame, as was shown in this case.

Mr. Baizley, who repaired the "Stokley," performed his rork in good faith, not knowing, at the time he accepted the ontract, that there was no money to pay him. His bill has een shown to be a fair and honest one, and that the work lone was absolutely necessary to be performed in order to keep the boat in service.

Taking everything into consideration, we feel warranted in ecommending to the Committee that authority be given for the payment of the bill.

John H. Graham (Ch'n), George B. Edwards, Peter Monroe (for report).

#### APPENDIX No. 316.

Philadelphia, February 28, 1889.

To the President and Members of the Select and Common Councils of the City of Philadelphia.

Gentlemen:—The Committee on Finance respectfully report that they have reconsidered "An Ordinance to authorize the Director of the Department of Public Works to draw, and the City Controller to countersign, warrants to pay the Vulcanite Paving Company, B. M. Shanley, Shanley and Mack, and John M. Mack, for paving certain streets (see Common Council Appendix No. 266), and have stricken out all in relation to warrant in favor of Shanley and Mack for twenty-five thousand nine hundred and sixty-one (25,961) dollars and twenty-eight (28) cents to pay for paving intersections on Girard avenue, from Morton to Broad streets," report the same back and recommend its passage.

Thomas M. Thompson, (Ch'n), Thos. J. Rose, James A. Freeman, Wencel Hartman, Alex. Reinstine, J. Raymond Claghorn, Chas. Roberts, E. F. Smithers, Geo. B. Edwards, Edward A. Anderson, Charles E. Webster, Chas. K. Smith, John H. Graham, George W. Scherr.

#### AN ORDINANCE

To authorize the Director of the Department of Public Works to draw, and the City Controller to countersign, warrants to pay the Vulcanite Paving Company, B. M. Shanley and John M. Mack, for paving certain streets.

Whereas, in repaying Diamond street, west from Front street, Baltimore avenue, from Forty-second street westward, and Mount Vernon street, from Twenty-second street westward, it became necessary in order to make the proper finish of the same to a crossing street, to do the work in excess of the appropriation first made therefor to the amount of one thousand and sixty-four (1,064) dollars and forty-nine (49) cents on Diamond street; two thousand four hundred and thirty-one (2,431) dollars on Baltimore avenue, and four hundred and twelve (412) dollars on Mount Vernon street.

And whereas, by the ordinances providing for the paving of Forty-second street, from Haverford avenue to Market street, a sufficient sum was appropriated for the paving of the intersections, and in front of the properties of The Pennsylvania Hospital for the Insane, and The Friends Meeting House as non-assessable property, pursuant to which a contract was entered into and the work done, and doubts have been expressed as to whether the said properties of The Pennsylvania Hospital for the Insane and the Friends Meeting House fronting on said Forty-second street, which in contemplation of said ordinances were to be paid for by the city, are assessable or non-assessable. Now, therefore,

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the Director of the Department of Public Works be, and he is, hereby authorized and directed to draw, and the City Controller to countersign, a warrant in favor of the Vulcanite Paving Company for one thousand and sixty-four (1,064) dollars and forty-nine (49) cents for work done in repaving Diamond street, between Front and Second streets, with sheet asphaltum; also, a warrant in favor of B. M. Shanley for two thousand four hundred and thirty-one (2,431) dollars to pay for work done in repaving Baltimore avenue, from Forty-second street westward, with granite blocks, both of said amounts to be taken from Item 24,

or repaying streets with improved pavements in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1889; also, one warrant in favor of John M. Mack for six thousand and twenty-six (6,026) dollars and fifteen (15) cents to pay for paving the intersections and in front of the properties of the Pennsylvania Hospital for the Insane and Richard Richardson et al (Friends Meeting House) on both sides of Forty-second street, between Haverford avenue and Market street; the same to be taken from Item 2 for paving intersections and unassessable property in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1889: Provided, That in each of said cases the Director of the Department of Public Works and the City Controller shall find that the work, for payment of which said warrants are drawn, has been performed according to the contracts therefor.

SECT. 2. That the price of said paving of said Forty-second street, in front of said properties of the Pennsylvania Hospital for the Insane and Richard Richardson et al, and both sides of Forty-second street, be assessed against said property, and liens be filed and prosecuted therefor in the name of the City to the end that said cost may be collected for the use of the City.

#### AN ORDINANCE

To authorize certain transfers in the annual appropriations to the Departments of Public Works, Public Safety, and Board of Public Education, for the year 1889.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the City Controller be authorized and directed to make the following transfers, viz: Department of Public Works (Bureau of Highways), from Item 3, For repairs to paved streets, five thousand (5,000) dollars to new item, to be called Item 33, for the keeping in repair of the Telford pavement, on Twenty-second street: Provided, That the cost of said repairs shall be collected from the railroad companies if they are liable for the same; And provided also, That the street shall be kept properly sprinkled, without cost to the City of Philadelphia. Department of Public Safety (Bureau of Health), from Item 6, for the removal of nuisances, two hundred and fifty (250) dollars, to new item, to be called Item 33½, for the erection of a second story to the fire-proof room of registration office. Board of Public Education, from Item 23, For employment of additional house-keepers, six thousand (6,000) dollars to Item 10, for cleaning school-houses.

# DEPARTMENT OF PUBLIC WORKS.

Philadelphia, February 16, 1889.

THOMAS M. THOMPSON, Esq.,

Chairman Committee on Finance.

DEAR SIR:—I have the honor to return herewith the ordinance entitled "An Ordinance to make an appropriation to

he Department of Public Works to pay for a deficiency for he construction of a sewer on Gaul street, Thirty-first Ward," vith a copy of the report of the Chief of the Bureau of Surreys, giving the condition of this matter.

I may add that I have instructed Mr. Smedley to direct hat his subordinates will hereafter transmit any official comnunications through him, and not direct to higher authority.

Yours truly,

### LOUIS WAGNER,

Director.

Philadelphia, February 15, 1889.

LOUIS WAGNER, ESQ.,

Director, Department of Public Works.

DEAR SIR:—In reply to reference 23, hereto attached, I make the following report:

The work done by Mr. Yoast under contract for sewer on Gaul street, from Vienna to Montgomery streets, amounted to \$46.74, more than the limit of cash erroneously placed in the contract.

One of the assessment bills was entitled to a deduction which was not known when the contract was executed, and the limit written was \$46.74 too little, consequently he could not get the full amount he was entitled to. It is equitable that he should be paid.

Yours truly,

SAMUEL L. SMEDLEY,

Chief, Bureau of Surveys.

Philadelphia, February 16, 1889.

THOMAS M. THOMPSON, Esq.,

Chairman, Committee on Finance.

DEAR SIR:—I have the honor to return herewith the ordinance entitled "An Ordinance to refund to the Trustees of the West Philadelphia Friends Meeting money paid for water-

pipe," with copies of the report of the Chief of the Bureau of Water, and of the opinion of the City Solicitor upon this matter.

In view of these reports it would seem proper that this money should be refunded.

Yours, truly,

LOUIS WAGNER,

Director.

Philadelphia, February 15, 1889.

Louis Wagner, Esq.,

Director Department of Public Works.

DEAR SIR:—In reply to reference No. 40, hereto attached, I make the following report:

On June 4, 1888, the Friends' Meeting House, at Forty-second and Powelton avenue, was supplied with water by means of a ferrule driven on Forty-second street, 115 feet northwest of Powelton avenue. This attachment would not have been granted if the frontage, or at least a portion thereof, had not been paid.

I understand that churches are exempt from the payment of the pipe frontage charges unless the premises are supplied with water. An opinion of the City Solicitor in regard thereto is enclosed. If this claim, or part of it, is to be allowed, it should be included in the ordinance now pending in Common Council, to refund twice-paid and paid-in-error water rents and frontages, or the claimants should pay the cost of advertising this ordinance.

Yours truly,

JOHN L. OGDEN, Chief of Bureau.

#### AN ORDINANCE

To authorize the location and erection of a new Almshouse, and to provide for the removal of the indigent poor from Blockley Almshouse, and to make an appropriation therefor.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That so much of the House of Correction property as lies between the State road and the Pennsylvania Railroad as may be required, is hereby set aside for the erection of buildings to be occupied and used by the indigent poor of the City of Philadelphia.

SECT. 2. That the Mayor of the city is hereby authorized to engage an architect of experience in buildings of a similar character, and if he thinks it desirable, direct him to examine analogous structures in other cities where there may be good modern improvements. The said architect shall prepare plans and specifications, with estimate of cost, under the direction of the Mayor, and shall have the general supervision of the work as it progresses. On the completion of the plans and specifications the Mayor shall advertise for proposals, and award the contract to the lowest and best bidder. All costs incurred under this section shall be paid from the general appropriation for the work.

The architect shall receive for his services, expenses, plans, and specifications a sum not exceeding three (3) per cent. on the cost of the completion of the building.

SECT. 3. That upon the completion and acceptance of said buildings, the Board of Charities and Correction are hereby authorized and directed to forthwith remove the indigent poor from the Blockley Almshouse under such rules and regulations as they may prescribe.

SECT. 4. That the sum of one hundred and fifty thousand (150,000) dollars be, and the same is, hereby appropriated to the Department of Charities and Correction from special fund for new almshouse, for the purpose of paying the cost of said buildings as well as the cost of the plans and superintendence. And warrants shall be drawn by the President of the Department of Charities and Correction in conformity with existing ordinances. All ordinances or parts of ordinances inconsistent herewith be, and are, hereby repealed.

### MAYOR'S OFFICE.

Philadelphia, March 6, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from Louis Wagner, Director of the Department of Public Works, relative to the failure of William C. Watson to grade Montgomery avenue as provided in his contract, and requesting an appropriation to pay D. & P. McNichol for doing the work.

I am, respectfully,

EDWIN H. FITLER,

Mayor.

#### DEPARTMENT OF PUBLIC WORKS.

Philadelphia, March 2, 1889.

Hon. Edwin H. Fitler, Mayor of Philadelphia.

DEAR SIR:—During the year 1888 William C. Watson had a contract for supplying clay to the East Park reservoir. To enable him to secure the material he made a contract with the city to grade Montgomery avenue from Sedgley avenue to Thirty-third street, to the established grade of the city, at his own expense and without cost to the city. Failing to do the work, and the condition of the street as left by him being dangerous to life and limb, I arranged with D. & P. McNichol to do the work at the expense of the contractor, at the same time refusing to pay him the balance due, \$1,147.60, on account of his contract for clay.

The work is now completed, as per the papers herewith submitted, and I have the honor to ask that you will request Councils to pass an ordinance authorizing the payment of the bill, amounting to \$1.957.20, to be charged to the item of

grading streets, and the difference between the amount paid D. & P. McNichol and the amount due William C. Watson, under his clay contract, will be recovered by suit against the contractor and his surety. This is the only way in which a suit can be brought.

Papers attached:

Copy of contract between the city and William C. Watson. Copy of statement by surety, Isaac Costa.

Original bill of D. & P. McNichol, with certificate of District Surveyor and Assistant Commissioner of Highways attached.

Yours truly,

LOUIS WAGNER,

Director.

MAYOR'S OFFICE.

Philadelphia, March 7, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication from William S. Stokley. Director of the Department of Public Safety, requesting an additional appropriation to Item 16, Bureau of City Property.

I am, respectfully,

specifully,

EDWIN H. FITLER.

Mayor.

## DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, March 7, 1889.

Hon. Edwin H. Fitler,

Mayor of the City of Philadelphia.

Dear Sir:—I enclose you a communication from the Commissioner of City Property relative to an additional appropriator

tion for repairs to and cleaning court rooms, etc., which I respectfully request you will transmit to Councils for their consideration.

Yours, respectfully,

W. S. STOKLEY,

Director.

Philadelphia, March 7, 1889.

HON. WILLIAM S. STOKLEY,

Director of the Department of Public Safety.

Dear Sir:—In order to place the court houses in proper sanitary condition it has been necessary to do a large amount of work which was not contemplated at the time of making the estimate for the expenses for this Bureau for the year 1889; we will therefore require an additional amount of four thousand five hundred (4,500) dollars to Item 16, "for repairs to, and cleaning Court rooms, District Attorney's rooms, and repairs to furniture and new furniture for the same," in the annual appropriation to this Bureau for the year 1889, in order to pay for the above work.

Yours, very respectfully,

# WILLIAM DIXEY,

Commissioner of City Property.

#### RESOLUTION

Of the Board of Directors of the Philadelphia Maritime Exchange, unanimously passed at their meeting, March 7, 1889, relative to Reading Terminal Scheme now before the municipal authorities of Philadelphia, and advocating prompt and favorable action upon the measure.

At a meeting of the Board of Directors of the Philadelphia Maritime Exchange, held Thursday, March 7, 1889, the following preamble and resolution were unanimously adopted:

WHEREAS, It is the sense of the Philadelphia Maritime Exchange that a sufficient length of time has already been occupied in examining into the merits of the subject known as the Reading Terminal scheme, and the preparation of the details of the ordinance in relation thereto,

Resolved, That the Philadelphia Maritime Exchange, with its membership of 250 corporations, firms, and business men, in harmony with similar action already taken by the Board of Trade of Philadelphia, with a membership of 700, and the Commercial Exchange of Philadelphia, with a membership of 500, records its hearty endorsement of the Reading Terminal Bill substantially as agreed upon by his Honor, the Mayor, and the officials of the Philadelphia & Reading Railroad Company, and that Councils be urged to pass, without unnecessary delay, an ordinance which shall grant the Terminal privileges desired, under proper and just restrictions.

Whereas, We have observed, and followed with the deepest interest, the substantial progress made for the contemplated purchase and removal of the serious obstructions to navigation of the Delaware river, known as Smith's and Windmill Islands, and

Whereas, The comprehensive programme of the Board of United States Engineers for the improvement of the Harbor of Philadelphia, presents the opportunity for constructing an elaborate series of piers and docks as commodious and complete as any similar facilities for commerce possessed by competitive ports, and

Whereas, Said increased commercial facilities within the limits of Reed street on the south and Hanover street on the north, while adding to the completeness of the Port, must fail in the full measure of commercial relief desired, unless there be also established a Belt Line Railroad system traversing the Delaware water front of the city, and

Whereas, We cannot but regard as little less than a calamity to the commercial interests of the State and city, any movement which might culminate in even temporarily checking the intelligent efforts now actively in train for the removal of the Islands and the improvements to the Harbor, therefore be it

Resolved, That while desiring to recognize all the equities in existing vested interests, we earnestly advocate the establishment of said Belt Line Railroad, under permanent impartial control, along the Delaware water front of the city.

Resolved, That we hope this Belt Line Railroad, under permanent impartial control, can be previously assured to the extended and improved dock and wharf facilities contemplated, or some other practicable scheme devised to secure direct reasonable and economic railroad connection to all existing railroad systems, or such as may hereafter be constructed. Unless this be done we respectfully but earnestly deprecate any appropriations by the City Councils of Philadelphia or the Legislature of Pennsylvania, for said proposed Harbor improvements.

Resolved, That their Honors, the Governor of Pennsylvania and the Mayor of Philadelphia, be respectfully but urgently requested to promptly examine into the reasonableness of these demands, and to withhold their approval from any bill or ordinance which does not make certain that the harbor improvements now contemplated shall be brought into direct and economic relations with all the railroads now centering in this city and that may hereafter enter its limits.

### RESOLUTION

Of request to the Mayor to return a certain bill.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor is hereby requested to return to Councils bill entitled "An Ordinance to authorize the construction of a bridge over the Pennsylvania Railroad at Thirty-fourth street."

#### APPENDIX No. 334.

Philadelphia, March 14, 1889.

To the Presidents and Members of the Select and Common Councils of the City of Philadelphia.

Gentlemen: -The Committee on Finance respectfully report that they have reconsidered an ordinance to authorize the Director of the Department of Public Works to draw, and the City Controller to countersign, a warrant to pay Shanley and Mack for paving the intersections on Girard avenue, from Morton to Broad streets, and having heard the representatives of the Municipal Reform Association against the payment for the work, again report the same back and recommend its passage.

Thomas M. Thompson (Ch'n), Thos. M. Hammett, Edwin S. Stuart, Peter Monroe, Edw. W. Patton, Alex. Reinstine, D. T. Jenks, Jas. A. Freeman, Theodore M. Etting, Wencel Hartman, Elias P. Smithers, Chas. F. Iseminger, Geo. B. Edwards, Edward A. Anderson, Charles E. Webster.

## AN ORDINANCE

To authorize the Director of the Department of Public Works to draw, and the City Controller to countersign, a warrant to pay Shanley and Mack for paving the intersections on Girard avenue, from Morton to Broad street.

WHEREAS, Doubts have been expressed as to whether the ordinances passed for the paving of the Market plots on Girard avenue, from Morton to Broad streets, pursuant to which a contract has been entered into and the work done, are sufficient to authorize the payment to be made for paving the intersections on Girard avenue, between said streets. now therefore:

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the Director of the Department of Public Works be, and he is, hereby authorized and directed to draw, and the City Controller to countersign, a warrant in favor of Shanley and Mack for the sum of twentyfive thousand nine hundred and sixty-one (25,961) dollars and twenty-eight (28) cents, to pay for paving the intersections on Girard avenue, from Morton to Broad streets, the same to be taken from Item 2, for paving intersections and unassessable property in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1889. Provided, That the Director of the Department of Public Works and the City Controller shall find that the work for the payment of which said warrant is drawn has been performed according to the contract therefor. And provided also, That the Director of the Department of Public Works shall, after payment shall have been made for the paving of said intersections, make a statement of the cost of each of said intersections not formerly covered by the market plots, and transmit the same to the City Solicitor, who is hereby authorized and directed to collect the cost thereof from the respective street railway companies whose tracks occupy the same.

# APPENDIX No. 335.

Philadelphia, March 14, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—The Committee on Finance respectfully report that they have considered an ordinance to approve the contract and surety of H. C. Eyre, for the construction of a main sewer on Tasker street, from terminus of the present sewer near Meadow street, westward, and report the same back and recommend its passage.

Thomas M. Thompson (Ch'n), Thos. M. Hammett, Edwin S. Stuart, Peter Monroe, Edw. W. Patton, Alex. Reinstine, D. T. Jenks, Jas. A. Freeman, Theodore M. Etting, Chas. Roberts, Wencel Hartman, Elias P. Smithers, Chas. F. Iseminger, Edward A. Anderson, Geo. B. Edwards, Charles E. Webster.

### AN ORDINANCE

To approve the contract and surety of H. C. Eyre, for the construction of a main sewer on Tasker street, from terminus of the present sewer near Meadow street, westward.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the contract of H. C. Eyre

for the construction of a main sewer on Tasker street, from terminus of the present sewer near Meadow street, westward, be, and the same is, hereby approved, and that the City Trust, Safe Deposit and Surety Company of Philadelphia be, and it is, hereby approved as surety of the said H. C. Eyre for the faithful performance of the said contract: Provided, That the said contract shall contain a clause that the said sewer shall be completed in all respects according to the plans, specifications, and estimates of the Chief Engineer and Surveyor for the following sums or prices, viz: For sewer  $7\frac{1}{2}$  and  $7\frac{3}{4}$  feet in diameter, per linear foot, including all appurtenances, the sum of nineteen (19) dollars and seventy-four (74) cents. For sewer 74 and 74 by 73 feet in diameter, per linear foot, including all appurtenances, the sum of nineteen (19) dollars and seventy-four (74) cents. For sewer 7 and 7 by 71 feet in diameter, per linear foot, including all appurtenances, the sum of nineteen (19) dollars and seventy-four (74) cents. For sewer  $6\frac{1}{9}$  and  $6\frac{1}{9}$  by  $6\frac{3}{4}$  feet in diameter, per linear foot, including all appurtenances, the sum of nineteen (19) dollars and seventy-four (74) cents. For additional twelve-inch terracotta pipe, not in concrete, per linear foot, the sum of one (1) dollar and ten (10) cents, the total amount of the work to be done not to exceed fifty-six thousand seven hundred (56,700) dollars, of which the city will pay in warrants fifty thousand (50,000) dollars.

# APPENDIX No. 336.

Philadelphia, March 14, 1889.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

Gentlemen:—The Committee on Finance respectfully report that they have considered a message from the Mayor, with a communication from the Director of the Department of Public Works, in regard to contract of William C. ### APPENDIX No. 337.

Philadelphia. March 14, 1889.

To the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report that they have considered an ordinance to make an appropriation to the Department of Public Works (Bureau of

Highways), to pay Patrick Monaghan balance for repaying over gas, water, and drain ditches during the year 1888; also, an ordinance to make an appropriation to the Department of Public Works (Bureau of Highways), to pay Patrick Monaghan balance for repaying over gas, water, and drain ditches during the year 1888; also, an ordinance to make an appropriation to pay Frederick Starke for the construction of a sewer on Gratz street, from the sewer in Susquehanna avenue to the north curb line of Diamond street, together with reports from the Director of the Department of Public Works in relation to same; also, a message from the Mayor, transmitting a communication from the Director of the Department of Public Safety, for an additional appropriation to Item 16, Bureau of City Property, for repairs to and cleaning court rooms, etc. (see Appendix Common Council No. 328), and submit the annexed ordinance to make an appropriation for said purposes, and recommend its passage.

Thomas M. Thompson (*Ch'n*), Chas. F. Iseminger, Alex. Reinstine, Geo. B. Edwards, Wencel Hartman, E. P. Smithers, Chas. Roberts, Edward A. Anderson, Charles E. Webster, Chas. K. Smith, Samuel Hart, Thos. M. Hammett, Samuel F. Houseman, James A. Freeman.

## DEPARTMENT OF PUBLIC WORKS.

Philadelphia, March 6, 1889.

Thomas M. Thompson, Esq.,

Chairman Committee on Finance.

DEAR SIR:—In addition to the amount due Patrick Monaghan, contractor, named in my letter of the 2d inst., there is due him the sum of \$11.12, as per the following report of the Chief of Bureau of Highways, which amount can be added to the ordinance heretofore returned to you.

The following is the report of the Chief:

"The within ordinance is incorrect. The amount should be \$11.12, the amount deducted to meet amount of contract. Besides, it was not for paving over gas, water, and drain ditches, as the ordinance reads, but for paving over gas and water mains. "The attached bill is correct; and if ordinance is to be introduced for its payment, it should be for the amount above stated."

Yours, truly,

LOUIS WAGNER,

Director.

### DEPARTMENT OF PUBLIC WORKS.

Philadelphia, March 2, 1889.

THOMAS M. THOMPSON, Esq., Chairman Committee on Finance.

Dear Sir:—In reply to the communication of Mr. Eckstein, Secretary of your Committee, asking information about an ordinance entitled "An Ordinance to make an appropriation to pay Frederick Starke for the construction of a sewer on Gratz street, from the sewer in Susquehanna avenue to the north curb line of Diamond street," I have the honor to send you the following copy of a letter from the Chief of the Bureau of Surveys in regard to the matter:

"On October 25, 1888, Frederick Starke was awarded a contract for a sewer on Gratz street, from the sewer in Susquehanna avenue to Dauphin street. In the estimated amount of assessment bills to be given him in part payment was a lot belonging to William Bacon Stevens et al. A church has been built upon this lot, which is exempt, therefore the contractor is short \$170.25, the amount of this sewer bill.

There was appropriated sufficient money at the time, and if the above-stated fact had been known the cash limit of the contract would have been made \$270.25 instead of \$100, and the contractor would have been able to have received a warrant for the full amount of his contract."

Yours truly,

LOUIS WAGNER,

Director.

THOMAS M. THOMPSON, Esq.,

Chairman Committee on Finance.

DEAR SIR:—In reply to the communication of Mr. Eckstein, Secretary of your Committee, asking information about an ordinance to make an appropriation to the Department of Public Works (Bureau of Highways), to pay Patrick Monaghan balance for repaving over gas, water, and drain ditches during the year 1888, I have the honor to send you the following copy of a letter received from the Bureau of Highways in regard to the matter:

"Patrick Monaghan had the contract for repaying over gas, water, and drain ditches, the amount of his contract being \$8,000. When the final bills were presented, it was found that he had overrun the amount of the contract by \$653.35, which had to be deducted to meet the amount. This work was approved by the Assistant Commissioners, and is divided as follows:

First District			\$79	57
Second	"		70	08
Third	"		303	68
Fourth	"		93	44
Fifth	"		106	58
	Tot	tal	\$653	35

Bills for the above are on file in this office, approved as done by the Assistant Commissioners, but as the contract was for \$8,000 only, the only hope for payment was by ordinance of Councils.

Yours, truly,

LOUIS WAGNER.

Director.

#### AN ORDINANCE

### DEPARTMENT OF PUBLIC WORKS.

Philadelphia, March 2, 1889.

THOMAS M. THOMPSON, Esq.,

Chairman Committee on Finance.

Dear Sir:—In reply to the communication of Mr. Eekstein, Secretary of your Committee, asking information about an ordinance entitled "An Ordinance to make an appropriation to pay balance of salary and expenses of office, for the month of December, 1888, to the Surveyor of the Eighth District," I beg to say that when the Surveyor of the Eighth District was appointed to the place he holds he accepted the appointment upon the conditions of an ordinance entitled "An Ordinance to fix the salaries of District Surveyors and provide for expenses of office," approved December 24, 1887, which says that the District Surveyors are to be paid a salary of \$3,000 per annum: "Provided, That the fees carned in each district shall amount to the salaries over and above the expenses of the office."

The fees earned having been insufficient to pay the salaries, I know of no reason why the city should make the appropriation asked for. Ordinance returned enclosed.

Yours, truly,

LOUIS WAGNER,

Director.

#### RESOLUTION

To discharge the Committee on Finance from the consideration of "An Ordinance to make an appropriation to pay balance of salary and expenses of office of Surveyor of the Eighth District."

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Finance be, and is, hereby discharged from the consideration of the "Ordinance to make an appropriation to pay balance of salary and expenses of office, for the month of December, 1888, to the Surveyor of the Eighth District."

## APPENDIX No. 353.

Philadelphia, March 13, 1889.

To the Presidents and Members of Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys, to whom was referred the accompanying ordinances to place Hoffman, Dudley. Carlisle, Rosewood, Firth, Bancroft, Thomas. and Willington streets upon the city plan, beg leave to report that we approve of the width proposed for these streets, and of their location with respect to the surrounding highways. We have prepared an ordinance with provisos guarding the city against claims for damages wherever any were apprehended, and we submit it with a favorable recommendation.

Thomas L. Hicks (Ch'n), W. Thornton, James Hagan, Chas. F. Iseminger, D. C. Cleaver. Samuel Crothers, W. H. James. W. McCoach. John O. Taxis, U. C. Smith, James Kenton, Theodore M. Etting, Wm. P. Becker.

#### AN ORDINANCE

To place upon the city plan Hoffman, Dudley, Carlisle, Rosewood. Firth, Bancroft, Thomas, and Willington streets.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain. That the Department of Public Works be, and is, hereby authorized to place upon the city plan Hoffman street, thirty (30) feet wide, from Front to East Second street, in the First Ward; Dudley street, thirty (30) feet wide, from Front to East Second street, in the First Ward: Carlisle street, thirty (30) feet wide; from Moore to Mifflin street, in the Twenty-sixth Ward: Rosewood street, thirty (30) feet wide, from Moore Mifflin street, in the Twenty-sixth Ward: Firth street, thirty (30) feet wide, from Twelfth to Thirteenth street, in the Twenty-eighth Ward: Bancroft street, thirty (30) feet wide, from Susquehanna avenue to Dauphin street, in the Twentyeighth Ward; Thomas street, thirty (30) feet wide, from York to Cumberland street, in the Twenty-eighth Ward, and Willington street, thirty (30) feet wide, from York to Cumberland street, in the Twenty-eighth Ward: Provided, That the owners of the ground within the lines of the said streets shall first dedicate the same as public highways, or shall first file a bond, or enter into a written agreement with the city, satisfactory to the City Solicitor, indemnifying the city against all damages that may arise, or covenanting and agreeing to obtain releases from all such owners of all damages that may arise by reason hereof, before this ordinance shall go into effect.

### APPENDIX No. 354.

Philadelphia, March 13, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys, to whom was referred the accompanying ordinance to reduce the width of Seventeenth street, from York street to Huntingdon street, beg leave to report that above Huntingdon street and below York street, Seventeenth street has a width of fifty feet. To open the street in these two squares alone to sixty feet, would be injurious to the owners of the properties on them, without corresponding benefit to the public. We therefore approve the ordinance, and recommend its passage.

Thomas L. Hicks (Ch'n), W. Thornton, James Hagan, Chas. F. Iseminger, D. C. Cleaver, Samuel Crothers, W. II. James, W. McCoach, John O. Taxis, U. C. Smith, James Kenton, Theodore M. Etting, Wm. P. Becker.

## AN ORDINANCE

To reduce the width of Seventeenth street, from York to Huntingdon, from sixty to fifty feet.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain. That Seventeenth street, from York to Huntingdon street, be reduced in width from sixty (60) to fifty (50) feet, and the Bureau of Surveys be, and is, hereby authorized to revise the plan in accordance with this ordinance.

## APPENDIX No. 355.

Philadelphia, March 14, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to herewith transmit for your consideration a communication, which has my approval, from William S. Stokley, Director of the Department of Public Safety, requesting an additional clerk in the Bureau of City Property.

I am, respectfully,

EDWIN II. FITLER, Mayor.

# DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, March 11, 1889.

Hon. Edwin H. Fitler,

Mayor of the City of Philadelphia.

DEAR SIR:—I enclose you a communication from the Commissioner of the Bureau of City Property, relative to the appointment of an additional clerk in his Bureau.

I am satisfied of the necessity of this, and would be pleased if you would transmit the said communication to Councils with a favorable recommendation.

Yours respectfully,

W. S. STOKLEY,

Director.

Philadelphia, March 11, 1889.

HON. WM. S. STOKLEY,

Director of the Department of Public Safety.

DEAR SIR:—In consequence of the routine required by the provisions of the new City Charter, and the transfer to this Bureau of the real estate of the Police. Fire and Patrol service, I find that the work has increased very materially, so much so in fact, that it is impossible to perform the duties of the office with the correctness and despatch I would desire.

I therefore request that you will grant me an additional clerk, to enable me to keep the records of the Bureau in a satisfactory condition.

Very respectfully.

WILLIAM DIXEY, Chief of Bureau of City Property.

MAYOR'S OFFICE.

Philadelphia, March 18, 1889.

To the Select and Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to return herewith, in accordance with the resolution of your Honorable Bodies, an ordinance entitled "An Ordinance to authorize the construction of a bridge over the Pennsylvania Railroad at Thirtyfourth street."

I am, respectfully,

EDWIN H. FITLER,

Mayor.

#### APPENDIX No. 359.

Philadelphia, March 19, 1889.

HON. WILLIAM M. SMITH,

President of Common Council.

DEAR SIR:—We are requested by our client, William C. Watson. Esq., to communicate to you certain important facts in reference to the bill to pay D. & P. McNichol for grading Montgomery avenue, now before your Honorable Body.

It appears that in April, 1888, Mr. Watson had a contract with the Water Department to furnish clay to line East Park Reservoir, and that in August of the same year he also had a contract with the Highway Department to grade Montgomery avenue. The city to be at no cost for said grading; he to have the clay and gravel obtained thereby. It also appears that a balance still remains due Mr. Watson for clay furnished, and that the purport of the said bill now before your Honorable Body is to apply the balance to the payment of D. & P. Mc-Nichol for grading Montgomery avenue against such application of the money due our client, we do most earnestly protest.

The only ground upon which the Water Bureau, at the suggestion of the Director of Public Works, refuses to pay Mr. Watson for the clay furnished is, that the contract as to grading on Montgomery avenue was not completed on the day specified. The sole reason for which delay was the action of the Director himself, who refused to allow Mr. Watson to com-

plete his contract.

The contract for grading Montgomery avenue was given to the McNichols without the usual form of advertising: and it is also submitted that as the contract for furnishing elay for the East Park Reservoir was with the Water Bureau, and that for grading Montgomery avenue, with the Highway Bureau: under the provisions of the Bullitt Bill, the Director had no power to withhold money due for work under the latter Bureau. Moreover as the two contracts are entirely independent, and as the contract with the Water Bureau has been fulfilled, a failure to comply with the contract for grading Montgomery avenue cannot justify such application of the balance due our client.

Very respectfully.

#### RESOLUTION

To appoint a committee to wait on Captain Lawrence to request him to repeat his lecture on the proposed Nautical School Ship.

Whereas, a number of the members of this Chamber, through a misunderstanding as to the date when Captain Charles Lawrence, late President of this body, was to deliver his address on the proposed Nautical School Ship to be located at this port, was deprived of the pleasure of hearing it, it is therefore

Resolved, That a Committee of three members be appointed to wait upon Captain Lawrence to arrange with him to repeat his address, and the Committee so appointed shall have the use of the chamber for the evening selected, and shall make the necessary arrangements for the meeting.

DEPARTMENT OF SURVEYS.

Philadelphia, March 18, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—We, your Committee on Surveys and Regulations, to whom was referred the accompanying ordinance to place Orchard street from Culvert to George streets, on the city plan, beg leave to report, that this Orchard street, twenty feet wide, has been open, built upon and existed in its present form for over forty years. The properties adjoining upon it have been repeatedly sold abutting upon it as a street, and no formal dedication from the original owner or sale can now by any possibility be obtained. It becomes very necessary for the interests of the property owners to finally establish the status of this street; otherwise they are unable to suitably improve. We therefore argently recommend that the street,

of its present width, be placed upon the city plan, and recommend the passage of the ordinance herewith submitted.

Thomas L. Hicks (Ch'n), W. H. James, John B. Dallas, O. M. Willson, Frank Schanz, Isaac D. Hetzell (for report), Wm. P. Becker, Samuel Crothers (for report), Wm. McCoach, R. E. Henderson, Chas. F. Iseminger, Theodore M. Etting, A. A. Ardis.

#### AN ORDINANCE

To place Orchard street between Culvert and George streets on the city plan.

SECTION 1. The Select and Common Councils of the City of Philadelphia do ordain, That the Department of Public Works be, and is, hereby authorized to place upon the city plan Orchard street from Culvert to George street twenty feet in width.

#### AN ORDINANCE

To make an appropriation to certain items in the annual appropriations to the Departments of Public Safety and City Commissioners, for the year 1889.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain, That the sum of one thousand six hundred and seventy-four (1.674) dollars be, and the same is, hereby appropriated to certain items in the annual appropriations to the Departments of Public Safety and City Commissioners, for the year 1889 as follows: Department of Public Safety, Bureau of Police, to Item 16. For payment to hospitals for ambulance service, three hundred and seventy-five (375) dollars, to pay for ambulance service for Medico-Chirurgical Hospital. Bureau of City Property, to Item 1. For salary of additional assistant clerk from April 1, 1889, at the rate of nine hundred (900) dollars per annum, six hundred and seventy-five (675) dollars. Department of City Commissioners, to Item 1. To pay increase of salaries of four officers of the Supreme Court, to four (4) dollars per diem from April 1, 1889 (ordered by the Court), six hundred and twenty-four (624) dollars.

## RESOLUTION

Of request to Select Council to meet in Joint Convention.

Resolved, by the Common Council of the City of Philadel-phia, That Select Council be requested to meet Common Council in Joint Session, at 5 o'clock P. M., to elect a member of the Board of Port Wardens, for the unexpired term of Charles R. Norman, resigned.

## APPENDIX No. 366.

#### MAYOR'S OFFICE.

Philadelphia, March 13, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to return herewith, without my approval, an ordinance entitled "An Ordinance to authorize the macadamizing of Funk street, between Keystone and Erdrick streets, in the Twenty-third Ward, as a country road, fifteen (15) feet wide in the centre." I am unable to approve this ordinance.

First.—Because there is no appropriation out of which to pay the six thousand (6,000) dollars, to which the cost of the work is limited, and

Second.—Because I do not deem it proper to improve Fink street, between Keystone and Erdrick streets, in the Twenty-third Ward, at the expense of the general tax payers.

In all other portions of the City, under the ordinances of Conneils, approved May 3, 1855, and June 12, 1868, it is required that the work of this character shall be done at the expense of the owners of property fronting upon the streets to be improved. It is true that several ordinances of this character have heretofore had my approval, but the number of streets to be macadamized in this objectionable manner is increasing so rapidly, making excessive demands upon the appropriations made annually for the general expenses of the Bureau of Highways, that it is deemed proper to call your attention to the matter, even if there were sufficient money appropriated to do the particular work covered by this ordinance.

I am, respectfully.

EDWIN H. FITLER.

Mayor.

#### APPENDIX No. 367.

Philadelphia. March 21, 1889.

To the President and Members of the Common Council of the City of Philadelphia.

Gentlemen:—The members of the Electrical Committee of Common Council, to whom was referred the bill entitled "An Ordinance to authorize The Frankford Avenue Electric Light Company to open streets and lay and maintain underground conduits and wires for electric lighting," (see Select Council Appendix No. 119), respectfully report that they have considered the same, and recommend that Common Council concur in said bill, with the following amendments.

Amend the first and only section by striking out all between the words "the following highways." on the seventh line, and the words "the said company," on the twenty-fifth line, and insert the following in place thereof: "Across Frankford avenue, south of Norris street: across Norris street, east and west of Frankford avenue; across Susquenanna avenue, east and west of Frankford avenue: across Dauphin street, cast and west of Frankford avenue: across York street, east of Trenton avenue: across Trenton avenue, north of York street: across Frankford avenue, north of York street; across Adams street, east and west of Frankford avenue; across Aramingo street, east of Frankford avenue: across Cumberland street, east and west of Frankford avenue: across Sargent street, east of Frankford avenue: across Amber street, south of Huntingdon street; across Huntingdon street, east and west of Frankford avenue; across Frankford avenue south of Coral street, in accordance with plans and specifications filed with the Board of Highway Supervisors, and upon the following conditions: That the said company shall erect and furnish free of cost to the city two are street lights of two thousand (2,000) candle power, to burn all night, the lamps to be located by the Director of the Department of Public Safety, through the Electrical Bureau, and no street shall be opened until the approval of the Board of Highway Supervisors is first obtained. said company shall agree to annually pay into the City Treasury five (5) per cent. per annum of the net earnings.

Also, to further amend the section as follows, by inserting on the bottom line, on page 150 of the appendix, between the words "electrical service," and the words "and pay," the following: "Said agreement to be filed in the Law Department before this ordinance shall take effect; and by inserting between words "and" and "pay" on bottom line of 150, the words, "said company shall first."

#### AN ORDINANCE

To release and discharge James F. Breuil, one of the sureties of Robert P. Dechert, City Controller.

Section 1. The Select and Common Councils of the City of Philadelphia do ordain. That the City Solicitor be, and he is, hereby directed to enter satisfaction on the official bond of Robert P. Dechert, City Controller, so far as relates to James F. Breuil, one of the sureties named in said bond: Provided, The said City Solicitor is fully satisfied that the interests of the city will not suffer, and that the remaining sureties have heretofore qualified in the amounts required by law: And provided also, That the co-sureties shall consent to the release and discharge of the said James F. Breuil.

#### REPORT

Of Sub-Committee of Councils on Fire and Health, appointed to investigate the subject of rotary and piston engines.

To the Chairman and Members of the Committee on Fire and Health.

Gentlemen:—We, your Sub-Committee, to whom was referred the "Resolution relating to an investigation of the merits of the rotary and piston system of fire engines, beg leave to submit the following report:

Your Committee fully appreciating the importance of the matter that had been intrusted to them, its bearing upon the welfare of the city, and desiring zealously to second the effort of the executive to secure the best fire engines possible for the growing needs of this large city, have earnestly endeavored to investigate the matter so thoroughly that it would not be at all difficult to assign reasons for their conclusions in the report they now submit.

Your Committee, in the course of their investigation, and for the purpose of arriving at a better understanding of the subject matter of the inquiry, visited the Cities of New York, Washington, and Baltimore, where they personally investigated the fire apparatus and appliances of the several departments in those cities, and received the statements of the officials in charge of said fire departments, with special reference to the resolution regarding the merits of the rotary and piston systems.

It became early apparent that while the major part of the different makes of fire engines might all be called good, yet due weight should be given as to which type of engines, while embracing all that could be said as to general efficiency, should surpass in reliability, efficiency and durability.

It is to be noted in the statements made by the President of the Board of Fire Commissioners of the City of New York, that, while that department had but one Silsby rotary engine in service, and his likings and prejudices were altogether in favor of the piston engine for use in large cities and high buildings, he considered the rotary to be a very good engine in other sections of the country, but not such as he would want in the City of New York, yet the only Silsby rotary that that department has was placed, to your Committee's personal knowledge, in a district of the City of New York, were buildings were higher, relatively more valuable, and where more fires occurred than in any other district in New York, or any other district in any city in the world of which there is official knowledge.

The Chief of the Fire Department, while he stated that he preferred the piston type of engine, was unable to assign any other reason for his preference of the piston engine over the rotary engine than that he thought they made too much noise and might disturb the sleep of those residing in the immediate neighborhood of the conflagration. He admitted that he had found trouble in the action of the piston engine when dirty water was used. He also admitted that the force of the stream would be about the same as thrown by a rotary engine of the same class. He stated that the rotary engine would pick up water more quickly by suction. And also, that "It is well known, doubtless to everybody, that theoretically the rotary pump is the proper one. That is a fact that cannot be gainsaid," but, notwithstanding this, he preferred the piston for steady work in a city like New York.

Your Committee visited and inspected various branches of the New York Fire Department at their headquarters, and were much interested in the fire apparatus shown by Captain Henry W. McAdams, drill master of the life saving corps, and Captain of Hook and Ladder Company No. 16, who exhibited a net woven crosswise, known as the "Bonner drop net." It measured, when extended, 30 feet in circumference, and had been used to catch persons jumping from burning buildings at a height of six or seven stories, it is said with safety. A force of 18 men was requisite to hold the net in such cases. Scaling ladders were also exhibited, and a life gun for throwing a line over a building 300 feet in height. A life belt, used by the firemen in hooking places on the ladder when engaged in passing ladders above them and in lowering from upper stories the occupants of the burning building, was also shown, and your Committee would suggest the adoption of similar apparatus for use in this department.

Your Committee visited the quarters of engine known as No-17, Ludlow street, New York, and were shown the Silsby rotary engine located there. The engineer in charge stated that the only repairs that engine had was that of a spoke which had a piece knocked out of it by a collision with a wagon on the way to a fire, and to quote his own language. That could not be called repairs to the engine. He said this engine had been in service last year at 287 fires, and the preceding year at 302 fires; that the engine in action had no vibration whatever; that the pumps had never refused to act on account of grit or any impediment; and that it was a very rapid engine, and as quick, if not quicker, than any other engine in getting up steam.

He also stated that he sometimes worked with a handful of fuel, and that other engineers, having in charge different engines, had borrowed fuel from him to keep up their fires. He also stated that his engine did not burn as much fuel as the others of the piston type. His experience had been large, having handled Amoskeag, Clapp & Jones, LaFrance and Ahrens engine of Cincinnati.

Lieutenant Leedom, of the same Company, stated that he never knew her to break down at a fire, and that the engine had sometimes been as long as twelve or thirteen hours consecutively in service. He mentioned the instance of a fire occurring on Sunday night early in January on Breadway, where the time that had elapsed from the moment they received the alarm by telegraph until the moment they threw a stream of water on the fire did not exceed four minutes. This was on a six story building. He also stated that Engine Company No. 17 had been called out and responded to alarms of fire a

greater number of times than any other engine company in the department.

Your Committee visited the Headquarters of the Fire Patrol No. 1, Murray street, New York, where they saw a Silsby rotary used by the fire patrol officials for pumping out cellars after conflagrations, and occasionally assisting in playing on fires.

This engine was known as one of the fourth class, and at one time was run continuously 463 hours and 55 minutes, and after that service was not obliged to be either overhauled or repaired. The engineer in charge stated that she had lifted water and held it at what is known as the "Dead lift," 31 feet.

He stated, as the result of his experience, that he found the rotary engine to be a better engine than the piston engine in its simplicity of construction: that there is no complication of valves or springs to get out of order as there is in the piston engine: that the rotary throws a more steady stream; that its motion is more continuous and uniform: that there was a saving of fuel, and that the rotary engine would force up its water better than any piston engine.

Your Committee also visited the Headquarters Superintendent of the Fire Patrol Service and met Mr. Abram C. Hull, Superintendent of the Fire Patrol Service of the City of New York, who had been with the fire patrol for nineteen years, and had been twenty-two years in the service of the Fire Department. He spoke in the highest terms of the Silsby rotary engine, preferring it to that of any other make.

Your Committee desire to express their acknowledgments for the uniform courtesy shown them by the officials in charge of the Fire Department and Fire Patrol of New York, and Fire Departments of Washington and Baltimore, during their visit there.

On January 28th and 29th, respectively, your Committee visited Washington and Baltimore.

At Washington they had the pleasure of meeting Mr. Joseph Parris, Chief Engineer of the Fire Department of that city, who had been in the Fire Department off and on since 1865.

His first position was as a driver of an engine, from which he was promoted to foreman, and then he was made Chief Engineer. He had not previously been an engineer. While foreman he ran a piston engine. They have seven piston engines and one rotary engine.

Mr. Parris very frankly stated that the Silsby rotary engine had given entire satisfaction, and that it had been in use since September, 1879.

He stated that he had knowledge that a rotary engine would not do so well, where the water is muddy, as a piston engine, but that he never tried it to see. He believed that the sources of his information might have been partial to the piston type. He also said that he did not think the work of the rotary engine could be excelled anywhere: that he had never seen any better work, but that his preference was for the piston engine. He further said that, in expressing his opinion as to his preference for the piston engine, he had never had any personal experience with the rotary engine since he had been in charge of the Department, but that he had experience with the piston engine and preferred it; and that the Silsby rotary had the same boiler now that it had originally, and that it had stood the wear and tear during all that time, which is ten years; and, also, that there was no competition in the purchase of engines. but that the Fire Department selected the kind of engines they wanted and bought them.

Assistant Engineer Louis P. Low, who has been in the service of the Fire Department for eighteen years, was first foreman of an engine company and was then promoted to his present position, in which he has been two years.

He said he preferred the piston engine, but that he had never had any experience with the rotary engine.

Mr. William J. Belt, Second Assistant Engineer of the Fire Department, said that he had noticed the two types of engines at fires. With reference to the Silsby rotary engine he said that she had always performed her duties satisfactorily: that she had always given plenty of water, and that the only objection he had to it was its humming noise. He admitted that the men who ran the rotary engine did not express any objection to the humming noise, but "They rather liked it."

Mr. Belt further said, as to repairs, that he had less trouble with the Silsby rotary than any other engine he had: that he had never experienced any lack of water or any difficulty in lifting or receiving it from the main: that he had also noticed

they had less trouble with the bursting hose as to the Silsby rotary than the other engines, and that she forced a more uniform stream of water through the hose than the piston engine.

Your Committee also visited Engine House No. 4, and interviewed Mr. Sorrell, foreman of that engine, and other gentlemen having the engine in charge.

Mr. Sorrell stated that he had been connected with the Fire Department for thirty years as private and foreman, and had run both piston and rotary engines, and from his experience with both types of engines he considered the rotary engine to be the most efficient engine. He laid special stress upon the superiority of the rotary engine as to durability. He considered her capacity for forcing water superior; that she was altogether more efficient in action; that the expense of keeping it in repair was not one-fourth that of the piston engine, and that the suction of the rotary was superior.

He also stated that, at the Patent Office fire in 1879, this engine had worked continuously for twenty hours, and at the Jefferson School fire she had worked continuously for seventeen hours.

Mr. Frank Donnelly, engineer, who had been in the Fire Department for eighteen years, and has had experience with the piston and rotary type of engines, operating both, said the Silsby rotary engine does the best work, and is better in every particular.

He declares that as to durability and simplicity of construction he preferred the rotary in every way: that she was less liable to get out of order, and for a long run you could put all your dependence in a Silsby rotary where you could not in a piston: that the rotary was better both for lifting and for throwing water; that there is nothing to elog up in the rotary: that you could use gritty, muddy and clear water, while the piston type, under such conditions, were always liable to get out of order, to elog and to stop; that if he were purchasing engines for a city he would prefer the rotary all the time, from what he had seen of them, although he was in no way prejudiced for or against them, and he based his statements upon his experience. As to noise he had never heard anybody complain about it.

This engine is located near the Capitol building.

At quarters of Engine No. 13, at the intersection of Myrtle avenue and Fremont street, Baltimore, Md., your Committee met Mr. John H. Deal, engineer, who has been in the Fire Department for seventeen years, who said he had been an engineer during the whole of this period. He was a marine engineer and had his license as such, and also had a theoretical as well as a practical knowledge of engineering. worked both types of engines, piston and rotary. He had run the Silsby rotary engine since August, 1887. He spoke in the most positive terms of the satisfaction this engine had given as to lifting and throwing power, and as to her durability, capacity and simplicity. He considered the rotary engine superior, and would rather have it than the piston; that he had never heard but one objection made to the Silsby rotary engine, and that was as to the humming noise, but he considered that a mere matter of prejudice. Mr. Deal also said that he would guarantee to take this engine and put water over any building in Baltimore.

Mr. John Bannon, assistant engineer, who is also a licensed marine engineer, stated that this Silsby rotary would throw more water for her capacity and size than any engine in Baltimore and do it freer, and that it had thrown water six feet above the figurehead on top of the Washington Monument against the wind. He spoke particularly of its efficiency and action. He said that there was less strain and less vibration.

Mr. William Reed said, that of the two types of engines, the Silsby rotary throws more water and costs less for repairs than any piston engine of the same weight and size; that he preferred the Silsby engine for its simplicity of construction, steadiness in its operation, and its reliability; that it is a more economical engine than any other in use, and that as to the cost of repairs the difference between the Silsby rotary and the piston engines is about as one dollar to twenty.

Your Committee also had the pleasure of meeting Mr. John F. Hunter, President of the Commissioners of the Fire Department of the City of Baltimore.

He said he preferred the piston engine, although he thought the rotary performed about the same amount of work; also, that Mayor Hodges was very much in favor of the rotary engine. He mentioned that he considered the rotary motion more constant, but that they had excellent results from the piston, and also spoke of the waste of fuel and oil by the rotary, but that he had no personal knowledge about it; that he was not an engineer.

A large amount of letters advocating both the piston and rotary types of fire engines, have also been considered in the formation of the opinion of your Committee.

Your Committee, as the result of their investigation, and taking into full consideration the nature and character of the statements made to them, of which the foregoing is a fair summary. find as follows:

The ability of the Silsby rotary engine to lift and force a larger quantity of water in a given time than any other type of steam fire engine of the same weight.

The reliability in being able to pump any kind of water without injury and without elogging; and maintaining a uniform and steady pressure on the hose without the pulsating motion produced by the piston pumps; and to force the same in large streams through long lines of hose without the danger of bursting the same.

The absence of vibration when in operation, thus avoiding friction and wear and tear of hose.

The ability to do its work with less steam pressure, thus preventing unnecessary strain on boiler and other machinery.

Its ability to make a consecutive run for hours, days, and even weeks, without shutting down.

Economy in the matter of fuel.

Its superiority as to durability and long life, as compared with the piston type, especially as to cost of repairs.

Your Committee have also been assisted in their conclusions by the report of the experts. Messrs. Naylor. Sellers, and Moore, on the tests witnessed and investigated by them as to the Silsby rotary engine, in the City of Philadelphia, made to his Honor, the Mayor, on November 1, 1888; and they desire to call attention to the opinion of Prof. Emory Edwards on the Silsby rotary engine, in his work called "The Practical Steam Engineer's Guide," etc., fifth edition, published by Henry Carey, Baird & Co., of Philadelphia, and Samson, Low & Marston, London, in which Prof. Greene describes the

mechanism and qualities of all the different makes of stationary, portable and steam fire engines.

On page 188, et seq, in speaking of the Silsby rotary engine, he says:

"All barriers have been broken down and predjudices have been conquered by the inevitable force of actual worth. Twenty-five years of uninterrupted success have silenced all cavil, and to-day the Silsby rotary is acknowledged (par excellence) the model fire steamer of the world. Wherever the rotary has once obtained a foothold and its merits have become known, it has never been successfully supplanted; and where it has been the longest in service, there it is the most highly prized."

In speaking of competitive trials, etc., on page 189, he says:

"It was always found that the rotary would pump water where the piston could not, and that when the throttle was opened the rotary was ready to go to work, and that there she would stand and continue to work as long as human endurance could supply her with fuel for motive power."

The same author discusses the qualifications of the different types of fire engines to a considerable length, and recommends the Silsby highly for its simplicity of construction, steadiness in action, power and operation.

Your Committee, bearing all these facts and conclusions in mind, have no hesitancy in saying that the Silsby rotary fire engine far excels that of the piston type, more especially for use in large cities.

We respectfully submit a copy of the testimony taken, and request to be discharged from the consideration of the subject.

All of which is respectfully submitted.

John D. Yarrow (Ch'n), William McMullen, Wm. H. Hill. Charles Hammel.

# RESOLUTION

To discharge the Committee on Fire and Health from the consideration of "Resolution to investigate the subject of rotary or piston fire engines."

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Fire and Health be.

and they are, hereby discharged from the consideration of "Resolution to investigate the subject of rotary or piston engines, the said Committee having investigated the subject and reported thereon."

# APPENDIX No. 370.

#### MAYOR'S OFFICE.

Philadelphia, March 28, 1889.

To the Select and Common Councils of the City of Philadelphia.

Gentlemen:—I have the honor to return herewith, without my approval, an ordinance entitled "An Ordinance to make an appropriation to the Department of Public Works for the completion of the approaches to the Chester avenue bridge, over the Philadelphia and Media Railroad: and to authorize the grading, paving, and curbing of Chester avenue. between Forty-ninth street and the bridge over said railroad."

From the records of the Registry branch of the Bureau of Surveys, it appears that there are properties fronting on the southeast side of Chester avenue, between Forty-ninth street and the bridge crossing the West Chester and Philadelphia Railroad, liable under the law and ordinances of Councils for the paving of one half of Chester avenue, and I see no good reason why they should be exempt from this payment as is contemplated by the accompanying ordinance.

The Department of Public Works has already made the necessary arrangements to grade the approach to this bridge, which will then be passable without inconveience to the public until an ordinance, in the usual form, for the paving and curbing of this street can be passed.

I am, respectfully,

EDWIN H. FITLER,

Mayor.
